

Gambling Control Division

Quarterly Information Summary

FY11 3rd Quarter Ending March 31, 2011

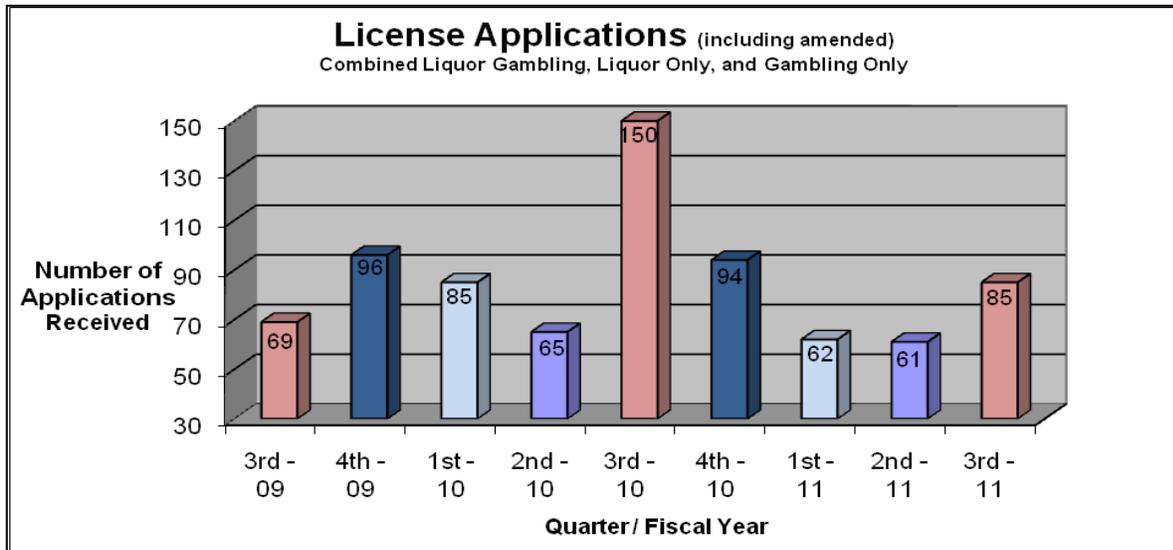

Video Gambling Tax Collections

Video Gambling Machine tax collections for the third quarter of fiscal year 2011 (January, February, and March) were approximately \$12.18 million, an increase of \$40,000 from the previous quarter, but \$100,000 lower than the third quarter of fiscal year 2010.

Liquor and Gambling Licenses

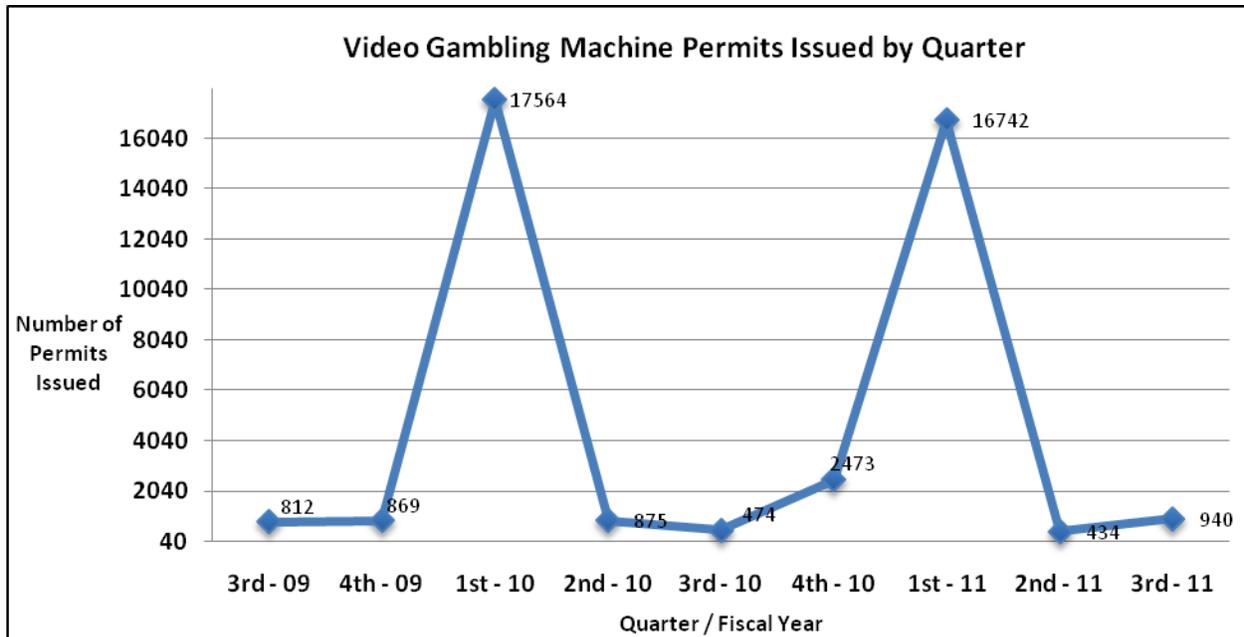

In the third quarter of fiscal year 2011, the Division received 85 liquor, gambling, and combined liquor gambling applications (including amended applications). This is 65 less than the 150 applications received during the third quarter of last fiscal year. However the difference can be attributed to a special project completed last spring.

Video Gambling Machine Permits

An individual video gambling machine permit fee is \$220 for the full fiscal year and is reduced by a prorated amount each subsequent quarter of the fiscal year. A portion of the fee (45%) goes to the local government where the machine is located and the balance goes to the Gambling Special Revenue Fund.

During the third quarter of fiscal year 2011, 940 video gambling machines received permits, approximately twice as many permits as issued in the third quarter of fiscal year 2010.

Card Games and Bingo

- By the end of third quarter, the number of card tables licensed during fiscal year 2011 was 328. This is down 70 tables from the same time last year.
- The number of card dealers licensed at the end of third quarter 2011 was 590, down 162 from the same time last year.
- The total number of bingo and keno licenses increased to 83 in the third quarter of fiscal year 2011, an increase of 14 over the third quarter of fiscal year 2010.

Video Gambling Machines Reporting Online

Currently 99% of all video gambling machines are reporting through an approved automated accounting system.
