Subject: <<Notice of Data Security Incident/Data Security Breach>>

Dear <<Full Name>>:

We are writing to inform you of a data security incident that may have involved your personal information. Please read this letter carefully as it contains details about the incident and resources you can utilize to protect your information.

What Happened? On June 9, 2024, Abilene Independent School District (“AISD”) experienced a network disruption. We immediately took steps to secure our network environment and engaged cybersecurity experts to conduct an investigation to determine what happened. The investigation determined that certain files may have been acquired without authorization. We then conducted a comprehensive review of the affected data to determine whether personal information may have been involved. After a thorough review of the impacted data, on October 17, 2024, it was determined that some of your personal information was present in the data set. We then took steps to notify you of the incident as quickly as possible. We do not have any evidence that personal information was misused, and our notification timeline is in compliance with applicable laws and was sensitive to the ongoing investigation.

What Information Was Involved? The information involved may include your name and <<Breached Elements>>.

What We Are Doing. As soon as we discovered the incident, we took the steps described above. We also implemented additional measures to reduce the risk of a similar incident occurring in the future.

Steps You Can Take to Help Protect Your Personal Information

Review Your Account Statements and Notify Law Enforcement of Suspicious Activity: As a precautionary measure, we recommend that you remain vigilant by reviewing your account statements and credit reports closely. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You also should promptly report any fraudulent activity or any suspected incidence of identity theft to proper law enforcement authorities, your state attorney general, and/or the Federal Trade Commission (the "FTC").

Copy of Credit Report: You may obtain a free copy of your credit report from each of the three major credit reporting agencies once every 12 months by visiting www.annualcreditreport.com, calling toll-free 1-877-322-8228, or by completing an Annual Credit Report Request Form and mailing it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348. You also can contact one of the following three national credit reporting agencies:

Equifax

P.O. Box 105851
Atlanta, GA 30348
1-800-525-6285
www.equifax.com

Experian

P.O. Box 9532
Allen, TX 75013
1-888-397-3742
www.experian.com

TransUnion

P.O. Box 1000
Chester, PA 19016
1-800-916-8800
www.transunion.com

Fraud Alert: You may want to consider placing a fraud alert on your credit report. An initial fraud alert is free and will stay on your credit file for at least one year. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any accounts in your name. To place a fraud alert on your credit report, contact any of the three credit reporting agencies identified above. Additional information is available at www.annualcreditreport.com.

Security Freeze: You have the right to put a security freeze on your credit file for up to one year at no cost. This will prevent new credit from being opened in your name without the use of a PIN number that is issued to you when you initiate the freeze. A security freeze is designed to prevent potential creditors from accessing your credit report without your consent. As a result, using a security freeze may interfere with or delay your ability to obtain credit. You must separately place a security freeze on your credit file with each credit reporting agency. In order to place a security freeze, you may be required to provide the consumer reporting agency with information that identifies you including your full name, Social Security number, date of birth, current and previous addresses, a copy of your state-issued identification card, and a recent utility bill, bank statement or insurance statement.

Additional Free Resources: You can obtain information from the consumer reporting agencies, the FTC, or from your respective state Attorney General about fraud alerts, security freezes, and steps you can take toward preventing identity theft. You may report suspected identity theft to local law enforcement, including to the FTC or to the Attorney General in your state.

You also have certain rights under the Fair Credit Reporting Act (FCRA): These rights include to know what is in your file; to dispute incomplete or inaccurate information; to have consumer reporting agencies correct or delete inaccurate, incomplete, or unverifiable information; as well as other rights. For more information about the FCRA, and your rights pursuant to the FCRA, please visit www.consumer.ftc.gov/sites/default/files/articles/pdf/pdf-0096-fair-credit-reporting-act.pdf.
