Flathead Co. SO March 27th-29th, 2025

Training site: 835 S. Main Street in Kalispell, Montana

\$389.

(24-hrs. MT POST approved)

This course is applicable to ALL level of FTO's from new to senior to managers.

To ALL Public Safety sectors (Police, Fire, Dispatch, Detention, Off-line, etc.)

~ A COURSE IS LIKE NO OTHER!! ~

We combine FTO, Leadership, Management, Communication, Ethics, and Instructor Development into making this a very unique and impactful course. **A program for today's recruits.**

We offer a unique and specialized approach to Field Training ~ "Like no other course you may have been to!" Not your traditional FTO course centered on the mechanics of paperwork but rather moving your trainers and program to ***Focused Training, Response, and Success!*** Nicknamed "The Commonsense Model" by our users.

This **Interactive** course is designed to certify new FTO's, enhance the skills of veteran trainers while incorporating supervisors at all levels into their position of oversight and responsibility. Regardless of your FTO program, this course is highly beneficial for your FTO's and Administrators by refining their understanding of the awesome responsibility of their roles.

Accomplished through dual methods of training occurring simultaneously. Focused on training & evaluation techniques, personalities, learning styles, ethical decision making, instructional methods, leadership, mentoring, program and policy development, case law, and documentation.

~ ~ ~ ~ ~

We are often called upon to ***change the mindset of FTO's*** from "critiquers" to "facilitators".
Creating a multi-faceted trainer capable of developing trainees into successful confident officers.

We are very accomplished in doing just that!

Wanting to make changes to your program? Design a new one?

You will find this course very beneficial!

~ ~ ~ ~ ~

Participants remark that our courses are the "best they've ever attended", and are "well prepared, presented, and structured."
