RE: NOTICE OF DATA BREACH

Dear <<Full Name>>:

Heritage South Credit Union values and respects the privacy of your information, which is why we are writing to advise you of an incident that may have involved some of your personal information.

What Happened? On February 12, 2025, we detected suspicious activity within Heritage South's computer network. Upon discovering the incident, we promptly began an internal investigation, notified law enforcement, and worked to secure our systems. We also engaged a forensic security firm to assist with our investigation and ensure the security of our computer network. The forensic investigation determined that an unauthorized third party accessed our computer network on January 7, 2025, and then between February 6, 2025, and February 17, 2025. The investigation also determined that the third party may have acquired certain Heritage South files during the incident.

What Information Was Involved? We reviewed the files potentially accessed or acquired by the unauthorized third party to determine if they contained any personal information. Based on the results of our investigation, we determined that the files may contain some of your personal information, including your name, address, date of birth, Social Security number, driver's license number, financial account number, or health insurance information, to the extent contained in our computer system.

What We Are Doing. In addition to the actions described above, we are taking further steps to reduce the risk of this type of incident occurring in the future, including enhancing our technical security measures. Additional Important Information

As a precautionary measure, we recommend that you remain vigilant to protect against potential fraud and/or identity theft by, among other things, reviewing your account statements and monitoring credit reports closely. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You should also promptly report any fraudulent activity or any suspected incidents of identity theft to proper law enforcement authorities, including the police and your state's attorney general, as well as the Federal Trade Commission ("FTC").

You may wish to review the tips provided by the FTC on fraud alerts, security/credit freezes and steps you can take to avoid identity theft. For more information and to contact the FTC, please visit www.ftc.gov/idtheft or call 1-877-ID-THEFT (1-877-438-4338). You may also contact the FTC at Federal Trade Commission, 600 Pennsylvania Avenue, NW, Washington, DC 20580.

Credit Reports: By law, you may obtain a free copy of your credit report once every 12 months from each of the three national credit reporting agencies. The three national credit reporting agencies have also agreed to provide free weekly online credit reports. You can obtain your free credit report by visiting www.annualcreditreport.com, by calling toll-free 1-877-322-8228, or by completing an Annual Credit Report Request Form and mailing it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348. You can print a copy of the request form at <https://www.annualcreditreport.com/manualRequestForm.action>. Alternatively, you may elect to purchase a copy of your credit report by contacting the three national credit reporting agencies. Fraud Alerts: By law, you have the right to place a fraud alert on your credit report if you believe you have been, or are about to become, a victim of fraud or related crime. A fraud alert is free and will stay on your credit report for one (1) year. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any new accounts in your name. To place a fraud alert on your credit report, contact any of the three national credit reporting agencies using the contact information listed above. Additional information is available at www.annualcreditreport.com/protectYourIdentity.action.

Credit and Security Freezes: By law, you have the right to place a credit freeze, also known as a security freeze, on your credit file, so that no new credit can be opened in your name without the use of a PIN number that is issued to you when you initiate the freeze. A credit freeze is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a credit freeze, potential creditors and other third parties will not be able to get access to your credit report unless you temporarily lift the freeze. Therefore, using a credit freeze may delay your ability to obtain credit. Unlike a fraud alert, you must separately place a credit freeze on your credit file at each credit reporting company. Since the instructions for how to establish a credit freeze differ from state to state, please contact the three major credit reporting companies as specified below to find out more information:
