INFORMATION ON IMPLEMENTING A FRAUD ALERT OR A SECURITY FREEZE

You can contact the three major credit bureaus at the addresses below to place a fraud alert on your credit report. A fraud alert indicates to anyone requesting your credit file that you suspect you are a possible victim of fraud. A fraud alert does not affect your ability to get a loan or credit. Instead, it alerts a business that your personal information might have been compromised and requires that business to verify your identity before issuing you credit. Although this may cause some short delay if you are the one applying for the credit, it might protect against someone else obtaining credit in your name.

A security freeze prohibits a credit reporting agency from releasing any information from a consumer's credit report without written authorization. However, please be aware that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for new loans, credit, mortgages, employment, housing, or other services. A credit reporting agency may not charge you to place, temporarily lift, or permanently remove a security freeze.

To place a fraud alert or a security freeze on your credit report, you must contact the three credit bureaus below:
