Re: Notice of Data Breach

Dear <<Name 1>>:

American Bank Systems (“ABS”) provides electronic loan and deposit administration software to its bank partners, including <<Bank Name>>, and writes to notify you of an incident that may affect the privacy of some of your personal information. ABS takes the protection of your information very seriously, and although we have no evidence of identity theft or fraud as a result of this incident, this letter provides details of the incident, our response, and resources available to you to help protect your personal information from possible misuse, should you feel it is appropriate to do so.

What Happened? On October 22, 2020, ABS became aware that it was victimized by a cybercriminal and certain systems were infected with malware, which resulted in disruptions to certain ABS operations. We immediately took systems offline and launched an investigation into the nature and scope of the incident. With the assistance of third-party computer forensic specialists, we are working to investigate the source of the disruption, confirm its impact on our systems, and restore full functionality to our systems as soon as possible. The investigation determined that certain documents stored within ABS’s environment were subject to unauthorized access or acquisition. On <<Discovery Date>>, our investigation determined that information related to <<Bank Name>> customers was part of the information affected. ABS provided notice of the incident to <<Bank Name>> on <<Notice Date>> and worked to determine address information to provide notice of the incident. On <<Completion Date>>, we completed this review.

What Information Was Involved? Our investigation determined your name and the following types of data were present in the documents that were identified as accessed or taken by the unauthorized actor: <<Data Elements>>. <<Variable Sentence>> At this time, we are unaware of any identity theft or fraud as a result of this incident.

What We Are Doing. Information privacy and security are among our highest priorities. Upon discovering this incident, we immediately took steps to assess the security of our systems and mitigate the impact of this incident, including by resetting ABS user passwords. We also reviewed existing security policies and implemented additional measures, including advanced endpoint monitoring, to further protect information in our care.

Although we are unaware of any identity theft or fraud as a result of this incident, we are offering you access to <<CM Length>> months of credit monitoring and identity theft protection services through TransUnion at no cost to you as an added precaution. If you wish to activate these services, you may follow the instructions included in the attached *Steps You Can Take to Protect Your Information*. We encourage you to enroll in these services as we are unable to act on your behalf to do so.

What You Can Do. We encourage you to remain vigilant against incidents of identity theft and fraud, to review your account statements, and to monitor your credit reports for suspicious activity and to detect errors for the next 12 to 24 months. If you suspect fraud in your accounts, please report such activity to <<Bank Name>>. Please also review the information contained in the attached *Steps You Can Take to Protect Your Information*.

For More Information. We understand that you may have questions about this incident that are not addressed in this letter. If so, please contact our toll-free dedicated assistance line at 855-914-4705 8:00 am to 8:00 pm Central Time, Monday through Friday. You may also write to ABS at 14000 Parkway Commons Drive, Oklahoma City, Oklahoma 73134.

Sincerely,

A handwritten signature in black ink, appearing to read 'JB', with a stylized flourish extending to the right.

Monitor Accounts

Under U.S. law you are entitled to one free credit report annually from each of the three major credit reporting bureaus. We recommend periodically obtaining credit reports from each nationwide credit reporting agency and have information relating to fraudulent transactions deleted. To order your free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. You may also contact the three major credit bureaus listed below directly to request a free copy of your credit report.

You have the right to place a “security freeze” on your credit report, which will prohibit a consumer reporting agency from releasing information in your credit report without your express authorization. The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a security freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a security freeze on your credit report. Should you wish to place a security freeze, please contact the major consumer reporting agencies listed below:

In order to request a security freeze, you will need to provide the following information:

1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. If you have moved in the past five (5) years, the addresses where you have lived over the prior five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver's license or ID card, military identification, etc.);
7. If you are a victim of identity theft, a copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft.

As an alternative to a security freeze, you have the right to place an initial or extended "fraud alert" on your file at no cost. An initial fraud alert is a 1-year alert that is placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any one of the agencies listed below:
