For residents of Massachusetts:

It is required by state law that you are informed of your right to obtain a police report if you are a victim of identity theft

For residents of all states:

Fraud Alerts: You can place fraud alerts with the three credit bureaus at one of the three major credit bureaus by phone and also online. You only need to contact one of the three agencies listed below; your request will be shared with the other two agencies. This statement alerts creditors of possible fraudulent activity within your report and requests that they contact you prior to establishing any accounts in your name. Once the fraud alert is added to your credit report, all creditors should contact you prior to establishing any account in your name. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. The contact information for all three credit bureaus is below.

Monitoring: You should always remain vigilant and monitor your accounts for suspicious or unusual activity.

Security Freeze: You also have the right to place a security freeze on your credit report. A security freeze is intended to prevent credit, loans and services from being approved in your name without your consent. To place a security freeze on your credit report, you need to make a request to each consumer reporting agency. You may make that request by certified mail, overnight mail, or regular stamped mail, or by following the instructions found at the websites listed below. The following information must be included when requesting a security freeze (note that if you are requesting a credit report for your spouse, this information must be provided for him/her as well): (1) full name, with middle initial and any suffixes; (2) Social Security number; (3) date of birth; (4) current address and any previous addresses for the past five years; and (5) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles. The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. It is essential that each copy be legible, display your name and current mailing address, and the date of issue. The consumer reporting agency may charge a small fee to place, lift, or remove a freeze, but is free if you are a victim of identity theft or the spouse of a victim of identity theft, and you have submitted a valid police report relating to the identity theft incident to the consumer reporting agency. You may obtain a security freeze by contacting any one or more of the following national consumer reporting agencies:
