Dear <<Name 1>>,

We are writing to inform you of a data security incident involving Orchard Medical Consulting that may have resulted in the unauthorized access to some of your personal information, including your protected health information. Orchard Medical Consulting provides nurse case management services for workers' compensation claims. We take the security of your personal information seriously and sincerely apologize for any inconvenience this incident may cause. This letter contains information about what happened, steps we have taken, and the resources we are making available to you to help protect your identity.

On January 30, 2020, we discovered that an unauthorized individual potentially gained access to a single employee's email account. Upon discovery of the incident, our information technology department took swift action and prevented any further unauthorized access.

On February 18, 2020, after an extensive investigation to determine what information may have been accessed, we discovered that some of your personal information, including your name, date of birth, in extremely limited circumstances Social Security number, and/or limited medical information, such as diagnosis, treatment plan, and/or health history, may have been accessed by the unauthorized individual. We have no evidence of misuse of anyone's information as a consequence of this incident and have reported this incident to the appropriate government regulators.

Although we are unaware of any misuse of your or anyone's information, to help relieve concerns and restore confidence following this incident, we have arranged for you to enroll, at no cost to you, in an online credit monitoring service (*myTrueIdentity*) for one year provided by TransUnion Interactive, a subsidiary of TransUnion,[®] one of the three nationwide credit reporting companies.

Additional information describing your services is included with this letter.

We take the security of all information in our control seriously, and are taking steps to help prevent a similar event from occurring in the future. This includes but is not limited to implementing multi-factor authentication, forcing password changes, strengthening the security of our email tenant, and reporting the incident to government regulators as required. Please know that the protection and security of your personal information is of our utmost priority, and we sincerely regret any concern or inconvenience that this matter may cause you. If you have any questions, please do not hesitate to call 855-907-2154, Monday through Friday, 7:00 a.m. to 7:00 p.m. Mountain Time.

For residents of all states:

Fraud Alerts: You can place fraud alerts with the three credit bureaus by phone and online with Equifax (https://assets.equifax.com/assets/personal/Fraud_Alert_Request_Form.pdf); TransUnion (<https://www.transunion.com/fraud-alerts>); or Experian (<https://www.experian.com/fraud/center.html>). A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. As of September 21, 2018, initial fraud alerts last for one year. Victims of identity theft can also get an extended fraud alert for seven years. The phone numbers for all three credit bureaus are at the bottom of this page.

Monitoring: You should always remain vigilant and monitor your accounts for suspicious or unusual activity.

Security Freeze: You also have the right to place a security freeze on your credit report. A security freeze is intended to prevent credit, loans, and services from being approved in your name without your consent. To place a security freeze on your credit report, you need to make a request to each consumer reporting agency. You may make that request by certified mail, overnight mail, regular stamped mail, or by following the instructions found at the websites listed below. The following information must be included when requesting a security freeze (note that if you are requesting a credit report for your spouse or a minor under the age of 16, this information must be provided for him/her as well): (1) full name, with middle initial and any suffixes; (2) Social Security number; (3) date of birth; (4) current address and any previous addresses for the past five years; and (5) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles. The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. It is essential that each copy be legible, display your name and current mailing address, and the date of issue. As of September 21, 2018, it is free to place, lift, or remove a security freeze. You may also place a security freeze for children under the age of 16. You may obtain a free security freeze by contacting any one or more of the following national consumer reporting agencies:
