RE: Notice of Data Breach

Dear Sample A Sample:

We are writing to notify you of a Blackbaud data security incident that may have involved some of your personal information. Scholarship America takes the protection and proper use of your information very seriously; therefore, we are contacting you to explain the incident and measures taken to protect your information.

What Happened?

Scholarship America was notified on July 16, 2020 by our financial system database provider, Blackbaud, of a security incident in which they discovered and stopped a ransomware attack. However, prior to being locked out, the cybercriminals removed backup files from Blackbaud's cloud-based platform, which hosted data for numerous colleges, universities, health care organizations and other non-profit organizations, including Scholarship America. Blackbaud stated the hackers gained access to certain Blackbaud datacenters in February 2020, and it discovered the incident in May 2020.

What Information Was Involved?

As noted above, we have determined that the stolen Scholarship America data may have contained some of your personal information, including your EXTRA1. Blackbaud paid a ransom to the cybercriminal after working with third-party experts who received credible confirmation that the stolen files had been destroyed.

What's Being Done?

Blackbaud has hired outside experts to continue to monitor the Internet, including the dark web, and they have found no evidence that any information was ever released by the cybercriminal. Furthermore, Blackbaud plans to continue such monitoring activities for the foreseeable future.

Preventing Identity Theft and Fraud

As a precautionary measure, we recommend that you remain vigilant to protect against potential fraud or identity theft by, among other things, reviewing your account statements and monitoring credit reports closely. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You should also promptly report any fraudulent activity or any suspected incidents of identity theft to proper law enforcement authorities, including the police and your state's attorney general, as well as the Federal Trade Commission ("FTC").

You may wish to review the tips provided by the FTC on fraud alerts, security/credit freezes and steps to you can take to avoid identity theft. For more information and to contact the FTC, please visit www.ftc.gov/idtheft or call 1-877-ID-THEFT (1-877-438-4338). You may also contact the FTC at: Federal Trade Commission, 600 Pennsylvania Avenue, NW, Washington, DC 20580.

Credit Reports: You may obtain a free copy of your credit report once every 12 months from each of the three national credit reporting agencies by visiting <http://www.annualcreditreport.com>, by calling toll-free 1-877-322-8228, or by completing an Annual Credit Report Request Form and mailing it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348. You can print a copy of the request form at <https://www.annualcreditreport.com/cra/requestformfinal.pdf>.

Alternatively, you may elect to obtain or purchase a copy of your credit report by contacting one of the three national credit reporting agencies. Contact these national credit reporting agencies to request a copy of your credit report or for general inquiries, including obtaining information about fraud alerts and placing a security freeze on your credit files. Contact information for these agencies is as follows:

Equifax	Experian	TransUnion
1-800-349-9960	1-888-397-3742	1-888-909-8872
www.equifax.com	www.experian.com	www.transunion.com
P.O. Box 105788	P.O. Box 9554	P.O. Box 2000
Atlanta, GA 30348	Allen, TX 75013	Chester, PA 19022

Fraud Alerts: You may want to consider placing a fraud alert on your credit report. An initial fraud alert is free and will stay on your credit file for at least 90 days. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any new accounts in your name. To place a fraud alert on your credit report, contact any of the three national credit reporting agencies using the contact information listed above. Additional information is available at <http://www.annualcreditreport.com>.

Credit and Security Freezes: You may have the right to place a credit freeze, also known as a security freeze, on your credit file, so that no new credit can be opened in your name without the use of a PIN number that is issued to you when you initiate the freeze. A credit freeze is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a credit freeze, potential creditors and other third parties will not be able to get access to your credit report unless you temporarily lift the freeze. Therefore, using a credit freeze may delay your ability to obtain credit. Unlike a fraud alert, you must separately place a credit freeze on your credit file at each credit reporting company. Since the instructions for how to establish a credit freeze differ from state to state, please contact the three major credit reporting companies using the contact information above.

Individuals interacting with credit reporting agencies have rights under the Fair Credit Reporting Act. We encourage you to review your rights under the Fair Credit Reporting Act by visiting https://files.consumerfinance.gov/f/201504_cfpb_summary_your-rights-under-fcra.pdf, or by requesting information in writing from the Consumer Response Center, Room 130-A, Federal Trade Commission, 600 Pennsylvania Ave. NW, Washington, DC 20580.
