Dear <<FirstName>> <<MiddleName>> <<LastName>> <<NameSuffix>>,

Calista Corporation ("Calista") is committed to protecting the personal information of its shareholders and other individuals affiliated with Calista. We are writing to inform you that we recently identified and addressed a security incident that may have involved your information. This notice explains the incident, measures we have taken, and some steps you can take in response.

We recently completed an investigation and analysis of a phishing attack targeted at Calista, in which a cybercriminal tricked a Calista employee leading to the email account credentials being compromised. Upon learning of the attack, the employee's email account was immediately secured, and a leading forensic investigation firm was engaged to work with us to conduct an investigation. Through its investigation, Calista determined that one or more unauthorized persons accessed the employee's email account on December 9, 2018, and as a result may have accessed emails and attachments in the account. In order to determine whether any personal information regarding others may have been accessed, Calista undertook a comprehensive review of the emails and attachments in the employee's email account. Through this review, on April 4, 2019 Calista determined that emails and attachments in the employee's account may have contained your name and some of the following information: Social Security number, driver's license number, health insurance information, U.S. passport number, retirement account information, payment card information, or bank account information.

We wanted to let you know this happened. As a precaution, we have secured the services of Experian® to offer you a complimentary one-year membership of Experian's IdentityWorksSM. This product helps detect possible misuse of your information and provides you with identity protection support focused on immediate identification and resolution of identity theft. IdentityWorks is completely free and enrolling in this program will not hurt your credit score. **For more information on IdentityWorks, including instructions on how to activate your complimentary one-year membership, as well as some additional steps you can take to protect yourself, please see the pages that follow this letter.** Identity Restoration assistance is immediately available to you. We also recommend that you take precautions by carefully reviewing documentation that you receive from your health insurer, which may include Explanation of Benefits Statements. If you see services that you did not receive, contact your health insurance company.

We regret any inconvenience or concern this may cause you. To help prevent something like this from happening in the future, we are providing additional training to our employees regarding phishing emails and other cybersecurity issues. In addition, we are enhancing existing security measures related to our email system.

If you have any questions, please call 1-800-277-0015, Monday through Friday from 8:00 a.m. to 5:30 p.m. Pacific Time.

Sincerely,

Noelle Kompkoff
