RE: NOTICE OF DATA BREACH

Dear [REDACTED]

QRS, Inc. ("QRS") hosts the electronic patient portal for [REDACTED]. QRS takes the protection of your information seriously and is writing to inform you about a recent incident that involved some of your personal information.

What Happened? On August 26, 2021, QRS discovered that an unknown, unauthorized third party accessed a QRS server associated with our patient portal and may have acquired certain protected health information ("PHI") stored in the server. Upon discovering the incident, we immediately took the server offline and began an investigation. We also engaged a forensic security firm to confirm the security of our network, analyze the incident, and determine the extent of the PHI that may have been accessed or acquired by the third party. Our investigation has determined that the third party accessed the server from August 23, 2021, to August 26, 2021. During this time, the third party accessed, and may have acquired, files in the server that contained your PHI. This incident did not involve any other QRS or [REDACTED] systems. We provided an initial notification of the incident to [REDACTED] on September 7, 2021. Following additional investigation, we provided further notification of the incident to [REDACTED] on or about October 1, 2021. We have since been working with [REDACTED] to notify individuals as quickly as possible.

What Information Was Involved? Our investigation determined that the incident involved unauthorized access, and potentially unauthorized acquisition, of your personal information, including your name, Social Security number, date of birth, patient number, and portal username. The accessed or acquired information may have also contained an address and limited medical treatment or diagnosis information if it was uploaded to the QRS portal. At this time, we are not aware of any identity theft or fraud to any person as a result of this incident.

What We Are Doing. Data security is one of our highest priorities. As discussed above, upon discovering the incident, we immediately took the server offline, began an investigation, and engaged a forensic security firm to confirm the security of our network. We will keep this particular server offline permanently. We have taken steps to further secure our network and reduce the risk of a similar incident occurring in the future, including implementing multifactor authentication on core QRS systems for key administrators and implementing a Security Information and Event Management System (SIEM). QRS is also reviewing and updating its information security policies.

What You Can Do. Although we are not aware of any instances of fraud or identity theft involving your information, you can find more information on steps to protect yourself against identity theft or fraud in the enclosed *Additional Important Information* sheet.

For More Information. We value the trust placed in us to protect your privacy, take our responsibility to safeguard your personal information seriously, and apologize for any inconvenience or concern this incident might cause. For further information and assistance, please call [REDACTED] from 9 a.m. – 9 p.m. EST, Monday through Friday. This toll-free number is provided on behalf of [REDACTED].

Sincerely,

QRS, Inc.

Additional Important Information

As a precautionary measure, we recommend that you remain vigilant to protect against potential fraud and/or identity theft by, among other things, reviewing your account statements and monitoring credit reports closely. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You should also promptly report any fraudulent activity or any suspected incidents of identity theft to proper law enforcement authorities, including the police and your state's attorney general, as well as the Federal Trade Commission ("FTC").

You may wish to review the tips provided by the FTC on fraud alerts, security/credit freezes and steps you can take to avoid identity theft. For more information and to contact the FTC, please visit www.ftc.gov/idtheft or call 1-877-ID-THEFT (1-877-438-4338). You may also contact the FTC at Federal Trade Commission, 600 Pennsylvania Avenue, NW, Washington, DC 20580.

Credit Reports: You may obtain a free copy of your credit report once every 12 months from each of the three national credit reporting agencies by visiting www.annualcreditreport.com, by calling toll-free 1-877-322-8228, or by completing an Annual Credit Report Request Form and mailing it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348. You can print a copy of the request form at <https://www.annualcreditreport.com/manualRequestForm.action>.

Alternatively, you may elect to purchase a copy of your credit report by contacting one of the three national credit reporting agencies. Contact information for the three national credit reporting agencies for the purpose of requesting a copy of your credit report or for general inquiries is as follows:

Equifax
1-866-349-5191
www.equifax.com
P.O. Box 740241
Atlanta, GA 30374

Experian
1-888-397-3742
www.experian.com
P.O. Box 2002
Allen, TX 75013

TransUnion
1-800-888-4213
www.transunion.com
P.O. Box 2000
Chester, PA 19016

Fraud Alerts: You may want to consider placing a fraud alert on your credit report. A fraud alert is free and will stay on your credit report for one (1) year. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any new accounts in your name. To place a fraud alert on your credit report, contact any of the three national credit reporting agencies using the contact information listed above. Additional information is available at www.annualcreditreport.com.

Credit and Security Freezes: You may have the right to place a credit freeze, also known as a security freeze, on your credit file, so that no new credit can be opened in your name without the use of a PIN number that is issued to you when you initiate the freeze. A credit freeze can be placed without any charge and is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a credit freeze, potential creditors and other third parties will not be able to get access to your credit report unless you temporarily lift the freeze. Therefore, using a credit freeze may delay your ability to obtain credit. Unlike a fraud alert, you must separately place a credit freeze on your credit file at each credit reporting company. Since the instructions for how to establish a credit freeze differ from state to state, please contact the three major credit reporting companies as specified below to find out more information:

Equifax Security Freeze
1-888-298-0045
www.equifax.com
P.O. Box 105788
Atlanta, GA 30348

Experian Security Freeze
1-888-397-3742
www.experian.com
P.O. Box 9554
Allen, TX 75013

TransUnion Security Freeze
1-888-909-8872
www.transunion.com
P.O. Box 160
Woodlyn, PA 19094

This notification was not delayed by law enforcement.

Individuals interacting with credit reporting agencies have rights under the Fair Credit Reporting Act. We encourage you to review your rights under the Fair Credit Reporting Act by visiting https://files.consumerfinance.gov/f/documents/bcfc_consumer-rights-summary_2018-09.pdf, or by requesting information in writing from the Consumer Financial Protection Bureau, 1700 G Street N.W., Washington, DC 20552.

Iowa Residents: Iowa residents can contact the Office of the Attorney general to obtain information about steps to take to avoid identity theft from the Iowa Attorney General's office at: Office of the Attorney General of Iowa, Hoover State Office Building, 1305 E. Walnut Street, Des Moines IA 50319, 515-281-5164.

Maryland Residents: Maryland residents can contact the Office of the Attorney General to obtain information about steps you can take to avoid identity theft from the Maryland Attorney General's office at: Office of the Attorney General, 200 St. Paul Place, Baltimore, MD 21202, (888) 743-0023, <http://www.marylandattorneygeneral.gov/>.

New York State Residents: New York residents can obtain information about preventing identity theft from the New York Attorney General's Office at: Office of the Attorney General for the State of New York, Bureau of Consumer Frauds & Protection, The Capitol, Albany, New York 12224-0341; <https://ag.ny.gov/consumer-frauds/identity-theft>; (800) 771-7755.
