Dear <<first_name>> <<middle_name>> <<last_name>> <<suffix>>:

Mastech Digital, Inc. ("Mastech") is writing to notify you of a recent incident that may have impacted the security of your information. We want to provide you with information about the incident, our response, and steps you may take to better protect against possible misuse of your personal information, should you feel it necessary to do so.

What Happened? On July 7, 2022, we became aware of suspicious activity related to our email systems. We launched an immediate investigation of the incident with the assistance of third-party forensic specialists to investigate the nature and scope of the activity. We determined that an unauthorized actor had access to an employee email account between April 26, 2022 – July 22, 2022. While we have no evidence that any information within the account was accessed, we cannot rule out the possibility that access occurred. Therefore, we conducted a deliberate and thorough investigation of the information within the email account and to whom that information pertained. On September 15, 2022 we determined that information relating to you was contained in the compromised account. While we have no evidence of actual or attempted misuse of your information related to this incident, we wanted to provide you with notice of this incident out of an abundance of caution.

What Information Was Involved? The investigation determined that your <<b2b_text_1(name, data elements)>> were accessible to an unauthorized actor.

What We Are Doing. The confidentiality, privacy, and security of personal information within our care are among our highest priorities. Upon learning of the event, we investigated to determine the incident's nature and scope, and secured the compromised account. We have taken additional steps to improve security and better protect against similar incidents in the future including updating security features within our email environment, deploying endpoint detection software on all Mastech laptops, and reinforcing security training and education for all Mastech employees. We are also notifying potentially affected individuals, including you, so that you may take further steps to best protect your personal information, should you feel it is appropriate to do so. Although we are unaware of any actual or attempted misuse of your personal information as a result of this event, we arranged to have Kroll provide identity monitoring services for 12 months at no cost to you as an added precaution. Kroll is a global leader in risk mitigation and response, and their team has extensive experience helping people who have sustained an unintentional exposure of confidential data. Your identity monitoring services include Credit Monitoring, Fraud Consultation, and Identity Theft Restoration. Additional information describing your services is included with this letter.

What You Can Do. We encourage you to remain vigilant against incidents of identity theft and fraud by reviewing your account statements and monitoring your free credit reports for suspicious activity and to detect errors over the next 12 to 24 months. You may also review the information contained in the attached *Steps You Can Take to Help Protect Your Information.* There you will also find more information on the identity monitoring services we are making available to you.

For More Information. We understand that you may have questions about this incident that are not addressed in this letter. If you have additional questions, please call our dedicated assistance line at (855) 504-6799, Monday-Friday from 9:00 am to 6:30 pm Eastern Time (excluding major U.S. holidays). You may also write to us at Mastech Digital, Inc. 1305 Cherrington Pkwy, Bldg. 210, Ste 400 Moon Township, PA 15108.

We regret any inconvenience this incident may cause you. Mastech remains committed to safeguarding information in our care, and we will continue to take proactive steps to enhance the security of our systems.

Sincerely,

Vivek Gupta, CEO
Mastech Digital, Inc.

KROLL

TAKE ADVANTAGE OF YOUR IDENTITY MONITORING SERVICES

You have been provided with access to the following services from Kroll:

Single Bureau Credit Monitoring

You will receive alerts when there are changes to your credit data—for instance, when a new line of credit is applied for in your name. If you do not recognize the activity, you'll have the option to call a Kroll fraud specialist, who will be able to help you determine if it is an indicator of identity theft.

Fraud Consultation

You have unlimited access to consultation with a Kroll fraud specialist. Support includes showing you the most effective ways to protect your identity, explaining your rights and protections under the law, assistance with fraud alerts, and interpreting how personal information is accessed and used, including investigating suspicious activity that could be tied to an identity theft event.

Identity Theft Restoration

If you become a victim of identity theft, an experienced Kroll licensed investigator will work on your behalf to resolve related issues. You will have access to a dedicated investigator who understands your issues and can do most of the work for you. Your investigator will be able to dig deep to uncover the scope of the identity theft, and then work to resolve it.

Kroll's activation website is only compatible with the current version or one version earlier of Chrome, Firefox, Safari and Edge.
To receive credit services, you must be over the age of 18 and have established credit in the U.S., have a Social Security number in your name, and have a U.S. residential address associated with your credit file.

Monitor Your Accounts

Under U.S. law, a consumer is entitled to one free credit report annually from each of the three major credit reporting bureaus, Equifax, Experian, and TransUnion. To order your free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. You may also directly contact the three major credit reporting bureaus listed below to request a free copy of your credit report.

Consumers have the right to place an initial or extended "fraud alert" on a credit file at no cost. An initial fraud alert is a 1-year alert that is placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any one of the three major credit reporting bureaus listed below.

As an alternative to a fraud alert, consumers have the right to place a "credit freeze" on a credit report, which will prohibit a credit bureau from releasing information in the credit report without the consumer's express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a credit freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. To request a security freeze, you will need to provide the following information:

1. Full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;

4. Addresses for the prior two to five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver's license or ID card, etc.); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft if you are a victim of identity theft.

Should you wish to place a credit freeze, please contact the three major credit reporting bureaus listed below:

Additional Information

You may further educate yourself regarding identity theft, fraud alerts, credit freezes, and the steps you can take to protect your personal information by contacting the consumer reporting bureaus, the Federal Trade Commission, or your state Attorney General. The Federal Trade Commission may be reached at: 600 Pennsylvania Avenue NW, Washington, DC 20580; www.identitytheft.gov; 1-877-ID-THEFT (1-877-438-4338); and TTY: 1-866-653-4261. The Federal Trade Commission also encourages those who discover that their information has been misused to file a complaint with them. You can obtain further information on how to file such a complaint by way of the contact information listed above. You have the right to file a police report if you ever experience identity theft or fraud. Please note that in order to file a report with law enforcement for identity theft, you will likely need to provide some proof that you have been a victim. Instances of known or suspected identity theft should also be reported to law enforcement and your state Attorney General. This notice has not been delayed by law enforcement.
