Notice of Data Security <<Variable 2>>

Dear <<First Name>> <<Last Name>>,

Integrated Supports for Living, Inc. ("ISL") takes the privacy and security of your information very seriously. That is why we are informing you of a data security incident that may have involved your personal information. This notice explains the incident, provides you with steps you can take to protect your information, and offers you complimentary credit monitoring and identity protection services.

What happened? On October 7, 2022, we detected unusual activity in our systems. In response, we immediately shut down some systems and began an investigation with the help of third-party cybersecurity experts and incident response professionals. After a thorough investigation, it was determined that an outside party gained access to our computer systems from July 26, 2022 through October 7, 2022 and some personal or protected health information of our clients contained on those systems. We conducted a thorough review of the information involved in the incident so that we could identify individuals whose personal information may have been involved. This process was completed on January 22, 2023. We then worked to identify current mailing addresses so that we could notify potentially impacted individuals about the incident. Please note that to date we have no reason to believe that your information has been misused as a result of this incident. Regardless, out of an abundance of caution, we are notifying you to provide you with steps you can take to protect your information.

What Information Was Involved? The data involved may have included your name in combination with a <<Variable 1>>.

What We Are Doing: In addition to the steps described above, we have worked with cybersecurity experts to enhance the security of our digital environment and prevent a similar incident from occurring in the future. We reported this matter to law enforcement and will work with them to investigate the people responsible for this incident. We are also offering you complimentary identity theft protection services through IDX. These services include: <<12 / 24>> months of credit and CyberScan monitoring, a \$1,000,000 insurance reimbursement policy, and fully managed identity theft recovery services. With this protection, IDX will help you resolve issues if your identity is compromised.

What You Can Do: We encourage you to contact IDX with any questions and to enroll in the free identity protection services by calling 1-833-753-4820 or going to <https://app.idx.us/account-creation/protect> and using the Enrollment Code provided above. IDX representatives are available Monday through Friday from 6 am - 6 pm Pacific Time. Please note the deadline to enroll is June 21, 2023. Again, at this time, there is no evidence that your information has been misused. However, we encourage you to take advantage of this offering. IDX representatives have been fully versed on the incident and can answer questions or concerns you may have regarding protection of your personal information.

Steps You Can Take to Protect Your Personal Information

Review Your Account Statements and Notify Law Enforcement of Suspicious Activity: As a precautionary measure, we recommend that you remain vigilant by reviewing your account statements and credit reports closely. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You also should promptly report any fraudulent activity or any suspected incidence of identity theft to proper law enforcement authorities, your state attorney general, and/or the Federal Trade Commission (FTC).

Copy of Credit Report: You may obtain a free copy of your credit report from each of the three major credit reporting agencies once every 12 months by visiting <http://www.annualcreditreport.com/>, calling toll-free 1-877-322-8228, or by completing an Annual Credit Report Request Form and mailing it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348. You also can contact one of the following three national credit reporting agencies:

Equifax

P.O. Box 105788
Atlanta, GA 30348
1-888-378-4329
www.equifax.com

Experian

P.O. Box 9532
Allen, TX 75013
1-800-831-5614
www.experian.com

TransUnion

P.O. Box 1000
Chester, PA 19016
1-800-916-8800
www.transunion.com

Fraud Alert: You may want to consider placing a fraud alert on your credit report. An initial fraud alert is free and will stay on your credit file for at least one year. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any accounts in your name. To place a fraud alert on your credit report, contact any of the three credit reporting agencies identified above. Additional information is available at <http://www.annualcreditreport.com>.

Security Freeze: You have the right to put a security freeze on your credit file for up to one year at no cost. This will prevent new credit from being opened in your name without the use of a PIN number that is issued to you when you initiate the freeze. A security freeze is designed to prevent potential creditors from accessing your credit report without your consent. As a result, using a security freeze may interfere with or delay your ability to obtain credit. You must separately place a security freeze on your credit file with each credit reporting agency. In order to place a security freeze, you may be required to provide the consumer reporting agency with information that identifies you including your full name, Social Security number, date of birth, current and previous addresses, a copy of your state-issued identification card, and a recent utility bill, bank statement or insurance statement.

Additional Free Resources: You can obtain information from the consumer reporting agencies, the FTC, or from your respective state Attorney General about fraud alerts, security freezes, and steps you can take toward preventing identity theft. You may report suspected identity theft to local law enforcement, including to the FTC or to the Attorney General in your state.
