Dear <<Name 1>>:

D&H Company writes to notify you of a recent incident that may have involved your personal information as described below. We take this incident seriously and are providing you information about the incident, our response, and steps you can take to help protect your information.

On or about January 8, 2022, we experienced a sophisticated ransomware attack that impacted our ability to access certain files on our corporate network. We immediately began an investigation, which included working with third-party specialists to determine the full nature and scope of the disruption. We also reported the incident to law enforcement. Although we have no evidence of misuse of information as a result of this incident, the investigation was unable to rule out unauthorized access to limited areas of our corporate network. Therefore, in an abundance of caution, we conducted a thorough review of the contents of the potentially impacted network locations to determine the information contained therein and to whom the information related.

On April 22, 2022, the review was completed, and we immediately began working to confirm address information for potentially impacted individuals so we could notify them of this incident. The information potentially impacted included your first and last name and one or more of the following: <<Breached Elements>>.

In response to this incident, we changed account passwords and enhanced security protocols, and we are reviewing our policies and procedures related to data protection.

Although we have no evidence of misuse of information as a result of this incident, in an abundance of caution, we are providing you access to 12 months of credit monitoring and identity protection services at no cost to you. Instructions about how to enroll in these services and additional resources available to you are included in the enclosed *“Steps You Can Take to Protect Your Information.”*

Should you have any questions regarding this matter, you may contact our dedicated assistance line at 888-303-5842, Monday through Friday from 7am to 7pm MT (excluding major U.S. holidays), or write to us at P.O. Box 1688, Tupelo, MS 38802.

We sincerely regret any concern this incident may cause you. Unfortunately, these types of criminal attacks on companies large and small have become increasingly common, and this incident is similar to those experienced by many other companies across the country. However, the privacy and security of information is deeply important to us, and we will continue to take steps to protect information in our care.

Sincerely,

D&H Company

Monitor Your Accounts

We encourage you to remain vigilant against incidents of identity theft and fraud by reviewing your credit reports and account statements or suspicious activity and to detect errors. Under U.S. law, you are entitled to one free credit report annually from each of the three major credit reporting bureaus, TransUnion, Experian, and Equifax. To order your free credit report, visit www.annualcreditreport.com or call 1-877-322-8228. Once you receive your credit report, review it for discrepancies and identify any accounts you did not open or inquiries from creditors that you did not authorize. If you have questions or notice incorrect information, contact the credit reporting bureau.

You have the right to place an initial or extended “fraud alert” on a credit file at no cost. An initial fraud alert is a one-year alert that is placed on a consumer’s credit file. Upon seeing a fraud alert, a business is required to take steps to verify the consumer’s identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any of the three credit reporting bureaus listed below.

As an alternative to a fraud alert, you have the right to place a “credit freeze” on a credit report, which will prohibit a credit bureau from releasing information in the credit report without your express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a credit freeze may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. To request a credit freeze, you will need to provide the following information:

1. Full name (including middle initial as well as Jr., Sr., III, etc.);
2. Social Security number;
3. Date of birth;
4. Address for the prior two to five years;
5. Proof of current address, such as a current utility or telephone bill;
6. A legible photocopy of a government-issued identification card (e.g., state driver’s license or identification card); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft, if you are a victim of identity theft.

Should you wish to place a fraud alert or credit freeze, please contact the three major credit reporting bureaus listed below:
