Dear Click or tap here to enter text.,

Shoyeido USA, Inc. (“Shoyeido”) values your business and respects the privacy of your information, which is why we are writing to notify you about a data security incident that may have involved your personal information. We recommend that you closely review the information provided in this notice for suggestions on how to protect yourself against potential misuse of your information.

**1. What Happened?**

Shoyeido uses an e-commerce service provider, CommerceV3, Inc. (“CommerceV3”) to help process payment card information when an order is placed on Shoyeido’s website. On June 6, 2023, CommerceV3 notified Shoyeido that CommerceV3 learned that an unauthorized party obtained access to CommerceV3’s systems. On July 11, 2023, CommerceV3 confirmed a threat actor installed a skimmer program on CommerceV3’s webserver, which possibly allowed the threat actor to access and/or acquire the personal information of Shoyeido’s customers during the time period between November 24, 2021 and December 13, 2022.

**2. What Data Was Involved?**

According to CommerceV3, the data that may have been exposed during the November 24, 2021 to December 13, 2022 time period includes the following information: name, email address, billing address, and payment card number along with the card’s CVV code and expiration date.

It is important to note that the data that was accessible did not include national insurance numbers, social security numbers, identification numbers, or any medical information.

**3. What Are The Potential Consequences For You?**

It cannot be ruled out that the data mentioned above may be misused and that you may have unauthorized charges on any payment card you used with us. Further, it cannot be guaranteed that the accessible information will not be used to contact you or further advertise to you.

**4. What We Are Doing.**

Upon receipt of the June 6, 2023 notice, Shoyeido immediately launched an investigation into the matter and conducted a review of CommerceV3’s response to the incident. CommerceV3 confirmed that it has performed a forensic analysis of the attack and notified all major credit card brands about the suspected activity and the range of the suspected activity. Additionally, CommerceV3 confirmed that it removed the vulnerability and implemented additional security measures designed to prevent a recurrence of such an attack and to protect the privacy of all of its customers. Further, CommerceV3 confirmed that it has been in contact with law enforcement regarding the matter. In addition to receiving the foregoing assurances from CommerceV3, Shoyeido has independently contacted law enforcement and is working with law enforcement in their investigation of the security incident.

You should remain vigilant for incidents of fraud or identity theft by reviewing account statements and monitoring free credit reports. When you receive your credit reports, review them carefully. Look for accounts or creditor inquiries that you did not initiate or do not recognize. Look for information, such as home address and Social Security number, that is not accurate. If you see anything you do not understand, call the credit reporting agency at the telephone number on the report.

You have rights under the federal Fair Credit Reporting Act (FCRA), which governs the collection and use of information about you by consumer reporting agencies. For more information about your rights under the FCRA, please visit [https://www.ftc.gov/system/files/ftc\\_gov/pdf/fcra-may2023-508.pdf](https://www.ftc.gov/system/files/ftc_gov/pdf/fcra-may2023-508.pdf) or [www.ftc.gov](http://www.ftc.gov).

### **Credit Freeze**

You have the right to put a security freeze, also known as a credit freeze, on your credit file, so that no new credit can be opened in your name without the use of a Personal Identification Number (PIN) that is issued to you when you initiate a freeze. A credit freeze is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a credit freeze, potential creditors and other third parties will not be able to access your credit report unless you temporarily lift the freeze. Therefore, using a credit freeze may delay your ability to obtain credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. Should you wish to place a credit freeze, please contact all three major consumer reporting agencies listed below.

[www.transunion.com/credit-freeze](http://www.transunion.com/credit-freeze)

You must separately place a credit freeze on your credit file at each credit reporting agency. The following information should be included when requesting a credit freeze:

- Full name, with middle initial and any suffixes;
- Social Security number;
- Date of birth (month, day, and year);
- Current address and previous addresses for the past five (5) years;
- Proof of current address, such as a current utility bill or telephone bill; and
- Other personal information as required by the applicable credit reporting agency.

If you request a credit freeze online or by phone, then the credit reporting agencies have one (1) business day after receiving your request to place a credit freeze on your credit file report. If you request a lift of the credit freeze online or by phone, then the credit reporting agency must lift the freeze within one (1) hour. If you request a credit freeze or lift of a credit freeze by mail, then the credit agency must place or lift the credit freeze no later than three (3) business days after getting your request.

### **Fraud Alerts**

You also have the right to place an initial or extended fraud alert on your file at no cost. An initial fraud alert lasts one (1) year and is placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven (7) years. Should you wish to place a fraud alert, please contact any one of the agencies listed below.

The agency you contact will then contact the other two credit agencies.
