Fraud Alerts: You have the right to place fraud alerts with the three credit bureaus by phone and online with Equifax (https://assets.equifax.com/assets/personal/Fraud_Alert_Request_Form.pdf), Experian (www.experian.com/fraud/center.html) or Transunion (www.transunion.com/fraud-victim-resource/place-fraud-alert). A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. Initial fraud alerts last for one year. Victims of identity theft can also get an extended fraud alert for seven years. The phone numbers for all three credit bureaus are at the bottom of this page.

Monitoring: You should always remain vigilant for incidents of fraud and identity theft by reviewing payment card account statements and monitoring your credit reports for suspicious or unusual activity and immediately report any suspicious activity or incidents of identity theft.

Security Freeze: You also have the right to place a security freeze on your credit report. A security freeze is intended to prevent credit, loans, and services from being approved in your name without your consent. To place a security freeze on your credit report, you need to make a request to each consumer reporting agency by visiting their websites below or by mail. In order to place the security freeze for yourself, your spouse, or a minor under the age of 16, you will need to provide your name, address for the past two years, date of birth, Social Security number, proof of identity and proof of address as requested by the credit reporting company. After receiving your freeze request, each credit reporting company will send you a confirmation letter containing a unique PIN (personal identification number) or password, which will be required to lift the freeze, which you can do either temporarily or permanently. It is free to place, lift, or remove a security freeze.
