**Re: Notice of Data Breach**

<<Sample A. Sample>>,

We are writing to inform you that some of your personal information was recently impacted when Evolve Bank & Trust (“Evolve”) was the victim of a cybersecurity attack. Evolve provides financial services including Banking-as-a-Service products to host accounts and provide mobile banking. **This incident did not impact your funds stored with Evolve.**

Please read this notice carefully, as it provides up-to-date information on what happened and what we are doing, as well as information on how you can obtain complimentary credit monitoring.

**What happened?**

On May 29, 2024, Evolve identified that some of its systems were not working properly. While it initially appeared to be a hardware failure, we subsequently learned it was unauthorized activity. Evolve promptly initiated its incident response processes and stopped the attack. No new unauthorized activity on Evolve’s systems has been identified since May 31, 2024. An investigation with assistance from a cybersecurity firm was initiated to investigate what happened and what data may have been impacted. Evolve also notified law enforcement and worked to add further protections to harden its systems.

**What personal information was involved?**

There is no evidence that the threat actors accessed any customer funds, but it appears the threat actors did access and download customer information from Evolve’s databases and a file share during periods in February and May 2024.

Within these downloaded files, Evolve identified the following personal information about you: <<DATA ELEMENTS>>.

**What we are doing:**

Evolve is offering you a complimentary 24-month membership to TransUnion’s credit monitoring and identity theft protection services. We are also providing you with proactive fraud assistance to help with any questions that you might have or in the event that you become a victim of fraud. Please see [Attachment A](#) below for additional details regarding these services. **You must enroll by October 31, 2024, to receive these services.**

Prior to the incident, Evolve had a significant number of cybersecurity measures in place. Since becoming aware of the incident, Evolve has taken steps to further strengthen its security response protocols, policies and procedures, and its ability to detect and respond to suspected incidents.

### **INFORMATION ON OBTAINING A FREE CREDIT REPORT**

U.S. residents are entitled under U.S. law to one free credit report annually from each of the three major credit bureaus. To order your free credit reports, visit [www.annualcreditreport.com](http://www.annualcreditreport.com) or call toll-free (877) 322-8228.

### **INFORMATION ON IMPLEMENTING A FRAUD ALERT OR SECURITY FREEZE**

You can contact the three major credit bureaus at the addresses below to place a fraud alert on your credit report. A fraud alert indicates to anyone requesting your credit file that you suspect you are a possible victim of fraud. A fraud alert does not affect your ability to get a loan or credit. Instead, it alerts a business that your personal information might have been compromised and requires that business to verify your identity before issuing you credit. Although this may cause some short delay if you are the one applying for the credit, it might protect against someone else obtaining credit in your name.

A security freeze prohibits a credit reporting agency from releasing any information from a consumer's credit report without written authorization. However, please be aware that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for new loans, credit, mortgages, employment, housing, or other services. A credit reporting agency may not charge you to place, temporarily lift, or permanently remove a security freeze.

To place a fraud alert or security freeze on your credit report, you must contact the three credit bureaus below:
