Dear <<Name 1>> <<Name 2>>:

Meicher CPAs, LLP (“Meicher CPAs”) writes to inform you of an incident that may affect the privacy of some of your personal information. The purpose of this letter is to provide details of the incident, our response, and steps you can take to protect your personal information, should you feel it appropriate to do so.

What Happened? On March 9, 2023, Meicher CPAs discovered suspicious activity relating to some of its computer systems. Meicher CPAs immediately launched an investigation, with the assistance of third-party forensic specialists, to determine the nature and scope of the activity. The investigation determined that certain computer systems were subject to unauthorized access between February 6, 2023 and March 9, 2023. Meicher CPAs began reviewing the affected systems to determine what, if any, sensitive information was contained within the systems in question. On March 20, 2023, Meicher CPAs determined that certain information related to you was contained on the systems subject to unauthorized access. We are working with the IRS and various state Departments of Revenue, including the Wisconsin Department of Revenue to take all necessary steps to protect the integrity of your tax information and to ensure your complete taxes are filed and a refund is issued as soon as possible.

What Information Was Involved? Our investigation determined that your information was present in the affected systems and was accessible to an unauthorized actor. This information includes your name, Social Security number, and potentially financial account information if provided to Meicher CPAs for tax preparation services.

What Are We Doing? Meicher CPA stakes the confidentiality, privacy, and security of information in our care very seriously. Upon discovery, Meicher CPAs immediately commenced an investigation to confirm the nature and scope of the incident. Meicher CPAs is taking steps to implement additional safeguards and review policies and procedures relating to data privacy and security. Meicher CPAs is also offering you access to complimentary credit monitoring and identity protection services for 12 months through Equifax. Monitor Your Accounts

We encourage you to file your 2022 tax return as soon as possible, if you have not already done so. You can also contact the IRS at www.irs.gov/Individuals/Identity-Protection for helpful information and guidance on steps you can take to prevent a fraudulent tax return from being filed in your name and what to do if you become the victim of such fraud. You can also visit www.irs.gov/uac/Taxpayer-Guide-to-Identity-Theft for more information.

You should also look to the information made available by the tax authority for your state of residence and any other state where you file a tax return. For a list of websites for each US state's tax authority, visit <http://www.taxadmin.org/state-tax-agencies>.

Under U.S. law, a consumer is entitled to one free credit report annually from each of the three major credit reporting bureaus, Equifax, Experian, and TransUnion. To order your free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. You may also directly contact the three major credit reporting bureaus listed below to request a free copy of your credit report.

Consumers have the right to place an initial or extended "fraud alert" on a credit file at no cost. An initial fraud alert is a 1-year alert that is placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any one of the three major credit reporting bureaus listed below.

As an alternative to a fraud alert, consumers have the right to place a "credit freeze" on a credit report, which will prohibit a credit bureau from releasing information in the credit report without the consumer's express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a credit freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. To request a security freeze, you will need to provide the following information:

1. Full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. Addresses for the prior two to five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver's license or ID card, etc.); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft if you are a victim of identity theft.

Should you wish to place a credit freeze, please contact the three major credit reporting bureaus listed below:
