¹ The credit scores provided are based on the VantageScore® 3.0 model. For three-bureau VantageScore credit scores, data from Equifax®, Experian®, and TransUnion® are used respectively. Any one-bureau VantageScore uses Equifax data. Third parties use many different types of credit scores and are likely to use a different type of credit score to assess your creditworthiness.

² Credit monitoring from Experian and TransUnion will take several days to begin.

³ WebScan searches for your Social Security Number, up to 5 passport numbers, up to 6 bank account numbers, up to 6 credit/debit card numbers, up to 6 email addresses, and up to 10 medical ID numbers. WebScan searches thousands of Internet sites where consumers’ personal information is suspected of being bought and sold, and regularly adds new sites to the list of those it searches. However, the Internet addresses of these suspected Internet trading sites are not published and frequently change, so there is no guarantee that we are able to locate and search every possible Internet site where consumers’ personal information is at risk of being traded.

⁴ The Automatic Fraud Alert feature is made available to consumers by Equifax Information Services LLC and fulfilled on its behalf by Equifax Consumer Services LLC.

⁵ Locking your Equifax credit report will prevent access to it by certain third parties. Locking your Equifax credit report will not prevent access to your credit report at any other credit reporting agency. Entities that may still have access to your Equifax credit report include: companies like Equifax Global Consumer Solutions, which provide you with access to your credit report or credit score, or monitor your credit report as part of a subscription or similar service; companies that provide you with a copy of your credit report or credit score, upon your request; federal, state and local government agencies and courts in certain circumstances; companies using the information in connection with the underwriting of insurance, or for employment, tenant or background screening purposes; companies that have a current account or relationship with you, and collection agencies acting on behalf of those whom you owe; companies that authenticate a consumer’s identity for purposes other than granting credit, or for investigating or preventing actual or potential fraud; and companies that wish to make pre-approved offers of credit or insurance to you. To opt out of such pre-approved offers, visit www.optoutprescreen.com.

⁶ The Identity Theft Insurance benefit is underwritten and administered by American Bankers Insurance Company of Florida, an Assurant company, under group or blanket policies issued to Equifax, Inc., or its respective affiliates for the benefit of its Members. Please refer to the actual policies for terms, conditions, and exclusions of coverage. Coverage may not be available in all jurisdictions.

2. Placing a Fraud Alert on Your Credit File.

Whether or not you choose to use the complimentary credit monitoring services, we recommend that you place an initial 1-year “fraud alert” on your credit files, at no charge. A fraud alert tells creditors to contact you personally before they open any new accounts. To place a fraud alert, call any one of the three major credit bureaus at the numbers listed below. As soon as one credit bureau confirms your fraud alert, they will notify the others.

3. Placing a Security Freeze on Your Credit File.

If you are very concerned about becoming a victim of fraud or identity theft, you may request a “security freeze” be placed on your credit file, at no charge. A security freeze prohibits, with certain specific exceptions, the consumer reporting agencies from releasing your credit report or any information from it without your express authorization. You may place a security freeze on your credit report by sending a request in writing or by mail, to all three nationwide credit reporting companies. To find out more about how to place a security freeze, you can use the following contact information:

Equifax Security Freeze

P.O. Box 105788
Atlanta, GA 30348
<https://www.equifax.com/personal/credit-report-services/credit-freeze/>
(800) 349-9960

Experian Security Freeze

P.O. Box 9554
Allen, TX 75013
<http://experian.com/freeze>
(888) 397-3742

TransUnion Security Freeze

P.O. Box 2000
Chester, PA 19016
<http://www.transunion.com/securityfreeze>
(888) 909-8872

In order to place the security freeze, you’ll need to supply your name, address, date of birth, Social Security number and other personal information. After receiving your freeze request, each credit monitoring company will send you a confirmation letter containing a unique PIN (personal identification number) or password. Keep the PIN or password in a safe place. You will need it if you choose to lift the freeze.

If you do place a security freeze *prior* to enrolling in the credit monitoring service as described above, you will need to remove the freeze in order to sign up for the credit monitoring service. After you sign up for the credit monitoring service, you may refreeze your credit file.

4. Obtaining a Free Credit Report.

Under federal law, you are entitled to one free credit report every 12 months from each of the above three major nationwide credit reporting companies. Call **1-877-322-8228** or request your free credit reports online at **www.annualcreditreport.com**. Once you receive your credit reports, review them for discrepancies. Identify any accounts you did not open or inquiries from creditors that you did not authorize. Verify all information is correct. If you have questions or notice incorrect information, contact the credit reporting company.

5. Additional Helpful Resources.

Even if you do not find any suspicious activity on your initial credit reports, the Federal Trade Commission (FTC) recommends that you check your credit reports periodically. Checking your credit report periodically can help you spot problems and address them quickly.

If you find suspicious activity on your credit reports or have reason to believe your information is being misused, call your local law enforcement agency and file a police report. Be sure to obtain a copy of the police report, as many creditors will want the information it contains to absolve you of the fraudulent debts. You may also file a complaint with the FTC by contacting them on the web at www.ftc.gov/idtheft, by phone at 1-877-IDTHEFT (1-877-438-4338), or by mail at Federal Trade Commission, Consumer Response Center, 600 Pennsylvania Avenue, NW, Washington, DC 20580. Your complaint will be added to the FTC’s Identity Theft Data Clearinghouse, where it will be accessible to law enforcement for their investigations. In addition, you may obtain information from the FTC about fraud alerts and security freezes.

If this notice letter states that your financial account information and/or credit or debit card information was impacted, we recommend that you contact your financial institution to inquire about steps to take to protect your account, including whether you should close your account or obtain a new account number.

If your personal information has been used to file a false tax return, to open an account or to attempt to open an account in your name or to commit fraud or other crimes against you, you may file a police report in the city in which you currently reside.

New Mexico Residents: You have rights under the federal Fair Credit Reporting Act (FCRA). These include, among others, the right to know what is in your file; to dispute incomplete or inaccurate information; and to have consumer reporting agencies correct or delete inaccurate, incomplete, or unverifiable information. For more information about the FCRA, please visit www.consumer.ftc.gov/articles/pdf-0096-fair-credit-reporting-act.pdf or www.ftc.gov.

In Addition, New Mexico Consumers Have the Right to Obtain a Security Freeze or Submit a Declaration of Removal

As noted above, you may obtain a security freeze on your credit report to protect your privacy and ensure that credit is not granted in your name without your knowledge. You may submit a declaration of removal to remove information placed in your credit report as a result of being a victim of identity theft. You have a right to place a security freeze on your credit report or submit a declaration of removal pursuant to the Fair Credit Reporting and Identity Security Act.

The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. When you place a security freeze on your credit report, you will be provided with a personal identification number, password, or similar device to use if you choose to remove the freeze on your credit report or to temporarily authorize the release of your credit report to a specific party or parties or for a specific period of time after the freeze is in place. To remove the freeze or to provide authorization for the temporary release of your credit report, you must contact the consumer reporting agency and provide all of the following:

1. The unique personal identification number, password, or similar device provided by the consumer reporting agency;
2. Proper identification to verify your identity; and
3. Information regarding the third party or parties who are to receive the credit report or the period of time for which the credit report may be released to users of the credit report.

A consumer reporting agency that receives a request from a consumer to lift temporarily a freeze on a credit report shall comply with the request no later than three business days after receiving the request. As of September 1, 2008, a consumer reporting agency shall comply with the request within fifteen minutes of receiving the request by a secure electronic method or by telephone.

A security freeze does not apply in all circumstances, such as where you have an existing account relationship and a copy of your credit report is requested by your existing creditor or its agents for certain types of account review, collection, fraud control, or similar activities; for use in setting or adjusting an insurance rate or claim or insurance underwriting; for certain governmental purposes; and for purposes of prescreening as defined in the federal Fair Credit Reporting Act.

If you are actively seeking a new credit, loan, utility, telephone, or insurance account, you should understand that the procedures involved in lifting a security freeze may slow your own applications for credit. You should plan ahead and lift a freeze, either completely if you are shopping around or specifically for a certain creditor, with enough advance notice before you apply for new credit for the lifting to take effect. You should contact a consumer reporting agency and request it to lift the freeze at least three business days before applying. As of September 1, 2008, if you contact a consumer reporting agency by a secure electronic method or by telephone, the consumer reporting agency should lift the freeze within fifteen minutes. You have a right to bring a civil action against a consumer reporting agency that violates your rights under the Fair Credit Reporting and Identity Security Act.

To place a security freeze on your credit report, you must send a request to each of the three major consumer reporting agencies: Equifax, Experian, and TransUnion. You may contact these agencies using the contact information provided above.

Rhode Island Residents: You may contact law enforcement, such as the Rhode Island Attorney General's Office, to report incidents of identity theft or to learn about steps you can take to protect yourself from identity theft. You can contact the Rhode Island Attorney General at: Rhode Island Office of the Attorney General, 150 South Main Street, Providence, RI 02903, www.riag.ri.gov, (401) 274-4400.

As noted above, you may obtain a security freeze on your credit report to protect your privacy and ensure that credit is not granted in your name without your knowledge. You have a right to place a "security freeze" on your credit report pursuant to chapter 48 of title 6 of the Identity Theft Prevention Act of 2006.

The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. When you place a security freeze on your credit report, within five (5) business days you will be provided a personal identification number or password to use if you choose to remove the freeze on your credit report or to temporarily authorize the release of your credit report for a specific period of time after the freeze is in place. To provide that authorization, you must contact the consumer reporting agency and provide all of the following:

1. The unique personal identification number or password provided by the consumer reporting agency.
2. Proper identification to verify your identity.
3. The proper information regarding the period of time for which the report shall be available to users of the credit report.

A consumer reporting agency that receives a request from a consumer to temporarily lift a freeze on a credit report shall comply with the request no later than three (3) business days after receiving the request.

A security freeze does not apply to circumstances where you have an existing account relationship and a copy of your report is requested by your existing creditor or its agents or affiliates for certain types of an account review, collection, fraud control, or similar activities.

If you are actively seeking a new credit, loan, utility, telephone, or insurance account, you should understand that the procedures involved in lifting a security freeze may slow your own applications for credit. You should plan ahead and lift a freeze -- either completely, if you are shopping around, or specifically for a certain creditor -- with enough advance notice before you apply for new credit for the lifting to take effect.

You have a right to bring a civil action against someone who violates your rights under the credit reporting laws. The action can be brought against a consumer reporting agency or a user of your credit report.

To place a security freeze on your credit report, you must send a request to each of the three major consumer reporting agencies: Equifax, Experian, and TransUnion. These agencies can be contacted using the contact information provided above.

In order to request a security freeze, you may need to provide the following information:

1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. Complete address;
5. Prior addresses;
6. Proof(s) of identification (state driver's license or ID card, military identification, birth certificate, etc.);
7. If you are a victim of identity theft, a copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft.
