We are writing to inform you of a data security incident experienced by our company that may have involved your information as described below. We take the privacy and security of all information very seriously and are providing information about the incident, our response, and steps you can take to help protect your information.

What Happened: On or about December 28, 2022, we were alerted to suspicious activity within our environment. Upon discovery, we took immediate action to address and investigate the incident, which included engaging third-party specialists to assist with determining the nature and scope of the incident. A thorough investigation determined that an unauthorized actor gained access to our environment for a limited period of time between December 18, 2022 and December 28, 2022. We then began a thorough review of the contents of a certain database in order to determine the type(s) of information contained within the database and to whom that information related. On January 6, 2023 this review was completed, and we immediately began working to provide potentially impacted individuals with this notification.

What Information Was Involved: The types of information that may have been contained within the database include your first and last name, in combination with one or more of the following data element(s): Social Security number, Driver’s License number, date of birth, and financial account number. Please note that we currently have no reason to believe that any information has been or will be misused as a result of this incident, and that we are providing this notice out of an abundance of caution.

What We Are Doing: We have taken the steps necessary to address the incident and are committed to fully protecting all of the information entrusted to us. Upon learning of this incident, we immediately took steps to secure our environment and undertook a thorough investigation. We have also implemented additional technical safeguards to further enhance the security of information in our possession and to prevent similar incidents from happening in the future. Additionally, we are offering you complimentary credit monitoring and identity protection services.

What You Can Do: We recommend that you remain vigilant against incidents of identity theft and fraud by reviewing your credit reports/account statements for suspicious activity and to detect errors. If you discover any suspicious or unusual activity on your accounts, please promptly contact the financial institution or company. Monitor Your Accounts

We encourage you to remain vigilant against incidents of identity theft and fraud by reviewing your credit reports/account statements and explanation of benefits forms for suspicious activity and to detect errors. Under U.S. law, you are entitled to one free credit report annually from each of the three major credit reporting bureaus, TransUnion, Experian, and Equifax. To order your free credit report, visit www.annualcreditreport.com or call 1-877-322-8228. Once you receive your credit report, review it for discrepancies and identify any accounts you did not open or inquiries from creditors that you did not authorize. If you have questions or notice incorrect information, contact the credit reporting bureau.

You have the right to place an initial or extended “fraud alert” on a credit file at no cost. An initial fraud alert is a one-year alert that is placed on a consumer’s credit file. Upon seeing a fraud alert, a business is required to take steps to verify the consumer’s identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any of the three credit reporting bureaus listed below.

As an alternative to a fraud alert, you have the right to place a “credit freeze” on a credit report, which will prohibit a credit bureau from releasing information in the credit report without your express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a credit freeze may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. To request a credit freeze, you will need to provide the following information:

1. Full name (including middle initial as well as Jr., Sr., III, etc.);
2. Social Security number;
3. Date of birth;
4. Address for the prior two to five years;
5. Proof of current address, such as a current utility or telephone bill;
6. A legible photocopy of a government-issued identification card (e.g., state driver’s license or identification card); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft, if you are a victim of identity theft.

Should you wish to place a fraud alert or credit freeze, please contact the three major credit reporting bureaus listed below:
