Notice of Data Breach

Dear <<First Name>> <<Middle Initial>> <<Last Name>>:

We are reaching out to provide you with information about a recent data security incident that affected Cardiovascular Associates ("CVA") from which you may have received services at one of our locations in Alabama (collectively, "we"). We are committed to protecting your information. This commitment includes notifying you if we believe that an incident may have involved your personal information. This letter provides information about the incident and the resources available to you.

What happened?
On December 5, 2022, it was discovered that certain systems within our network may have been subject to unauthorized activity. In response to this incident, steps were quickly taken to restrict further unauthorized activity, an investigation of the incident was immediately launched, and a national forensic firm was engaged to assist with investigation and remediation efforts. In the course of the investigation, it was determined that an unauthorized third party was able to access certain systems that contained personal information and remove a copy of some data from the network between November 28, 2022 and December 5, 2022. As a result of this review, it appears that your personal information may have been involved.

What information may have been involved?
Based on the review, the personal information involved in this incident may have included one or more of the following elements: (1) demographic information to identify and contact the patient, such as full name, date of birth, and address; (2) Social Security number; (3) health insurance information, such as name of insurer/government payor and member ID, policy and/or group number; (4) medical and treatment information, such as medical record number, dates of service, provider and facility names, other visit, procedure and diagnosis information, and possibly assessments, tests and imaging; (5) billing and claims information, such as account and/or claim status, billing and diagnostic codes, and payor information; (6) passport and driver's license number; (7) credit and debit card information; and (8) financial account information. <<Variable Text 1>> Please note that not all data elements were involved for all individuals.

What we are doing.
We take the security of personal information seriously. As soon as the incident was discovered, a forensic investigation was launched, and steps were taken to mitigate and remediate the incident and to help prevent further unauthorized activity. In response to this incident, security and monitoring capabilities are being enhanced and systems are being hardened as appropriate to minimize the risk of any similar incident in the future.

We have also arranged to offer you identity monitoring for a period of <<12/24>> months, at no cost to you, through IDX. You have until May 3, 2023 to activate these services. Instructions on how to activate these services are included in the attached Reference Guide.

What you can do.
In addition to enrolling in the complimentary identity monitoring services, the enclosed Reference Guide includes additional information on general steps you can take to monitor and help protect your personal information. Please review the enclosed Reference Guide. We also encourage you to carefully review statements sent from healthcare providers and insurance companies to ensure that all account activity is valid. Any questionable charges should be promptly reported to the provider or company with which the account is maintained.

For more information
If you have any questions about this matter or would like additional information (including which types of data may have been involved), please call toll-free 1-833-753-3802. This call center is open from 9 am – 9 pm Eastern Time, Monday through Friday, except holidays. Additional information about the incident is also available at https://response.idx.us/CVAinformation.

We sincerely regret any inconvenience this incident may cause you and want to assure you that we take this matter seriously.

Sincerely,

Matthew Toms
Chief Privacy Officer

Reference Guide
Review Your Account Statements

Carefully review statements sent to you from your healthcare providers, insurance company, and financial institutions to ensure that all of your account activity is valid. Report any questionable charges promptly to the provider or company with which you maintain the account.

Provide Any Updated Personal Information to Your Health Care Provider

Your health care provider's office may ask to see a photo ID to verify your identity. Please bring a photo ID with you to every appointment if possible. Your provider's office may also ask you to confirm your date of birth, address, telephone, and other pertinent information so that they can make sure that all of your information is up-to-date. Please be sure and tell your provider's office when there are any changes to your information. Carefully reviewing this information with your provider's office at each visit can help to avoid problems and to address them quickly should there be any discrepancies.

Order Your Free Credit Report

To order your free annual credit report, visit www.annualcreditreport.com, call toll-free at (877) 322-8228, or complete the Annual Credit Report Request Form on the U.S. Federal Trade Commission's ("FTC") website at www.ftc.gov and mail it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348-5281. The three credit bureaus provide free annual credit reports only through the website, toll-free number or request form.

Upon receiving your credit report, review it carefully. Look for accounts you did not open. Look in the "inquiries" section for names of creditors from whom you have not requested credit. Some companies bill under names other than their store or commercial names; the credit bureau will be able to tell if this is the case. Look in the "personal information" section for any inaccuracies in information (such as home address and Social Security Number).

If you see anything you do not understand, call the credit bureau at the telephone number on the report. Errors may be a warning sign of possible identity theft. You should notify the credit bureaus of any inaccuracies in your report, whether due to error or fraud, as soon as possible so the information can be investigated and, if found to be in error, corrected. If there are accounts or charges you did not authorize, immediately notify the appropriate credit bureau by telephone and in writing. Information that cannot be explained should also be reported to your local police or sheriff's office because it may signal criminal activity.

How to Enroll in IDX Identity Monitoring Services

As a safeguard, we have arranged for you to enroll, at no cost to you, in an online credit monitoring and identity restoration service provided by IDX.

To enroll in this service, please call 1-833-753-3802 or visit https://response.idx.us/CVAinformation and follow the instructions for enrollment using the Enrollment Code provided above.

The monitoring included in the membership must be activated to be effective. You have until May 3, 2023 to enroll in these services. Please note that credit monitoring services may not be available for individuals who have not established credit or an address in the United States (or its territories) and a valid Social Security number. Enrolling in this service will not affect your credit score. If you need assistance, IDX will be able to assist you.

We encourage you to take advantage of these protections and remain vigilant for incidents of potential fraud and identity theft, including regularly reviewing and monitoring your free credit reports and account statements.

Contact the U.S. Federal Trade Commission

If you detect any unauthorized transactions in any of your financial accounts, promptly notify the appropriate payment card company or financial institution. If you detect any incidents of identity theft or fraud, promptly report the matter to your local law enforcement authorities, state Attorney General and the FTC.

You can contact the FTC to learn more about how to protect yourself from becoming a victim of identity theft by using the contact information below:

Federal Trade Commission
Consumer Response Center
600 Pennsylvania Avenue, NW
Washington, DC 20580
1-877-IDTHEFT (438-4338)
www.ftc.gov/idtheft/

Place a Fraud Alert on Your Credit File

To protect yourself from possible identity theft, consider placing a fraud alert on your credit file. A fraud alert helps protect against the possibility of an identity thief opening new credit accounts in your name. When a credit grantor checks the credit history of someone applying for credit, the credit grantor gets a notice that the applicant may be the victim of identity theft. The alert notifies the credit grantor to take steps to verify the identity of the applicant. You can place a fraud alert on your credit report by calling any one of the toll-free fraud numbers provided below. You will reach an automated telephone system that allows flagging of your file with a fraud alert at all three credit bureaus.

Equifax	P.O. Box 105069 Atlanta, Georgia 30348	1-888-766-0008	www.equifax.com
Experian	P.O. Box 9554 Allen, Texas 75013	1-888-397-3742	www.experian.com
TransUnion	P.O. Box 2000 Chester, PA 19016	1-800-916-8800	www.transunion.com

Security Freezes

You have the right to request a credit freeze from a consumer reporting agency, free of charge, so that no new credit can be opened in your name without the use of a PIN number that is issued to you when you initiate a freeze. A security freeze is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a security freeze, potential creditors and other third parties will not be able to get access to your credit report unless you temporarily lift the freeze. Therefore, using a security freeze may delay your ability to obtain credit.

Unlike a fraud alert, you must separately place a security freeze on your credit file at each credit bureau. To place a security freeze on your credit report you must contact the credit reporting agency by phone, mail, or secure electronic means and provide proper identification of your identity. The following information must be included when requesting a security freeze: (1) full name, with middle initial and any suffixes; (2) Social Security number; (3) date of birth; (4) current address and any previous addresses for the past five years; and (5) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles. The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. It is essential that each copy be legible, display your name and current mailing address, and the date of issue.

Below, please find relevant contact information for the three consumer reporting agencies:

Equifax Security Freeze	P.O. Box 105788 Atlanta, GA 30348	1-800-685-1111	www.equifax.com
Experian Security Freeze	P.O. Box 9554 Allen, TX 75013	1-888-397-3742	www.experian.com
TransUnion	P.O. Box 160 Woodlyn, PA 19094	1-800-916-8800	www.transunion.com

Once you have submitted your request, the credit reporting agency must place the security freeze no later than 1 business day after receiving a request by phone or secure electronic means, and no later than 3 business days after receiving a request by mail. No later than five business days after placing the security freeze, the credit reporting agency will send you confirmation and information on how you can remove the freeze in the future.

For Residents of the District of Columbia

You may contact the D.C. Attorney General's Office to obtain information about steps to take to avoid identity theft: D.C. Attorney General's Office, Office of Consumer Protection, 400 6th Street, NW, Washington DC 20001, 1-202-442-9828, www.oag.dc.gov.

For Residents of Massachusetts

You have the right to obtain a police report with respect to this incident. If you are the victim of identity theft, you also have the right to file a police report and obtain a copy of it.

For Residents of North Carolina

You may also obtain information about preventing and avoiding identity theft from the North Carolina Attorney General's Office: North Carolina Attorney General's Office, Consumer Protection Division, 9001 Mail Service Center, Raleigh, NC 27699-9001, 1-919-716-6000, www.ncdoj.gov.
