RE: Notice of Data Incident

Dear <<first_name>> <<middle_name>> <<last_name>> <<suffix>>,

Amgen Inc. (Amgen) writes to inform you that your personal information may have recently been inadvertently disclosed to other users of the Embark Application. This letter provides you with information about the nature of the incident and affected data and the immediate and additional corrective measures Amgen has taken to guard against future unauthorized disclosure of your personal data.

What Happened?

On June 30, 2023, Amgen received reports from certain users of the Embark Application that their user profiles displayed incorrect personal information. Amgen conducted a thorough investigation of the incident. That investigation revealed that, on and after June 3, 2023, through and including July 31, 2023, certain patients' personal information may have been inadvertently disclosed to a number of other users of the Embark Application due to a coding error by the vendor responsible for managing the Embark Application during data migration.

What Information Was Involved?

The potentially exposed information may have included your name, mailing address, email address, date of birth, medication information, and health insurance identification number.

What We Are Doing

We take the security of your personal information seriously. Therefore, after discovering the incident, the Amgen vendor successfully implemented an update to the Embark Application on July 31, 2023, to safeguard your personal information from being accessible to other patients.

Because this incident did not involve potential criminal activities, there is no ongoing law enforcement investigation. As such, this notice was not delayed as a result of a law enforcement investigation.

We have no evidence to date that your personal information has been misused and have confirmed with reasonable certainty that this incident did not compromise or disclose to other patients your account log-in credentials for the Embark Application. Out of an abundance of caution, we are making available to you 24 months of identity monitoring through Kroll, at no cost to you. Kroll is a global leader in risk mitigation and response, and their team has extensive experience helping people who have sustained an unintentional exposure of confidential data. Your identity monitoring services include Credit Monitoring, Web Watcher, Public Persona, Quick Cash Scan, \$1 Million Identity Fraud Loss Reimbursement, Fraud Consultation, and Identity Theft Restoration.

Preventing Identity Theft and Fraud

We encourage you to remain vigilant against incidents of identity theft and fraud, to review your account statements, and to monitor your credit reports for suspicious activity. Immediately report any suspicious activity to your bank or credit union. If you do find suspicious activity on your credit reports or other statements, call your local police or sheriff's office, or state Attorney General and file a report of identity theft. You have a right to a copy of the police report, and you may need to give copies of the police report to creditors to clear up your records and access some services free to identity theft victims.

Under the U.S. Fair Credit Reporting Act and other laws, you have certain rights that can help protect yourself from identity theft. Many of these are explained in this letter and at www.identitytheft.gov/#/Know-Your-Rights. For example, you are entitled to one free credit report annually from each of the three major credit reporting agencies. To order your free credit report, visit www.annualcreditreport.com or call toll-free at 1-877-322-8228. You may also contact the three major credit reporting agencies directly to request a free copy of your credit report.

In addition, at no charge, you can have these credit bureaus place a short-term or an extended "fraud alert" on your file that alerts creditors to take additional steps to verify your identity prior to granting credit in your name. Note, however, that because a fraud alert tells creditors to follow certain procedures to protect you, it may also delay your ability to obtain credit while the agency verifies your identity. Once one credit bureau confirms your fraud alert, the others are notified to place fraud alerts on your file. If you wish to place a fraud alert or have any questions regarding your credit report, please contact any one of the agencies listed below. Please note no one except you is allowed to place a fraud alert on your credit report.

General contact information for each agency:

Equifax	Experian	TransUnion
P.O. Box 105069	P.O. Box 9554	P.O. Box 2000
Atlanta, GA 30348-5069	Allen, TX 75013	Chester, PA 19016-2000
1-866-349-5191	888-397-3742	800-888-4213
www.equifax.com	www.experian.com	www.transunion.com

To add a fraud alert:

Equifax	(888) 202-4025, Option 6 or	https://www.equifax.com/personal/credit-report-services/credit-fraud-alerts/
Experian	(714) 830-7000, Option 2 or	https://www.experian.com/fraud/center.html
TransUnion	(800) 916-8800, Option 0 or	https://www.transunion.com/fraud-alerts

You may also place a security freeze on your credit reports, free of charge. A security freeze, also known as a "credit freeze," prohibits a credit bureau from releasing any information from a consumer's credit report without the consumer's written authorization. However, please be advised that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for new loans, credit mortgages, employment, housing, or other services. Unlike a fraud alert, you must place a security freeze separately on your credit file at each bureau. You can use the following addresses and contact information to place a security freeze with each major credit bureau:

Equifax Security Freeze. 1-888-298-0045. P.O. Box 1057881, Atlanta, GA 30348-0241.

Experian Security Freeze. 1-888-EXPERIAN or 1-888-397-3742. P.O. Box 9554, Allen, TX 75013.

TransUnion. 1-800-680-7289. Fraud Victim Assistance Division, P.O. Box 2000, Chester, PA 19016-2000.
www.transunion.com/credit-freeze

The Federal Trade Commission also provides additional information about credit freezes here:
<https://www.consumer.ftc.gov/articles/0497-credit-freeze-faqs>.

In order to request a security freeze, you may need to supply your full name (including middle initial, as well as Jr., Sr., II, III, etc.), date of birth, Social Security number, all addresses for up to five previous years, email address, a copy of your state identification card or driver's license, and a copy of a utility bill, bank or insurance statement, or another statement to show proof of your current address. If you are a victim of identity theft, include a copy of the police report, investigative report, or complaint to a law enforcement agency concerning your identity theft.

The credit reporting agencies must place a security freeze on your credit report within one (1) business day after receiving a request by phone or secure electronic means and within (3) business days after receiving your request by mail. The credit bureaus must then send written confirmation to you within five (5) business days of placing the security freeze, along with information about how to remove or lift the security freeze in the future.

You can further educate yourself regarding identity theft, fraud alerts, freezes, and the steps you can take to protect yourself by contacting the Federal Trade Commission or your state Attorney General. The Federal Trade Commission encourages those who discover their information has been misused to file a complaint with them. Instances of known or suspected identity theft should also be reported to law enforcement or your state Attorney General.
