<<b2b_text_1(NOTICE OF [SECURITY INCIDENT/DATA BREACH - CA residents only])>>

Dear <<first_name>> <<middle_name>> <<last_name>> <<suffix>>,

Eventus WholeHealth, PLLC ("Eventus") is committed to the privacy of individuals and takes the protection of personal information that is entrusted to it seriously. Unfortunately, we are writing to make you aware of a recent data security incident that may have involved some of your personal information.

What Happened. On June 1, 2022, we observed suspicious activity associated with a single Eventus email account, despite multifactor authentication on the account. We immediately terminated all access to the account and launched an investigation to determine whether the account contained any sensitive personal information. On August 17, 2022, the investigation determined that an unauthorized individual gained access to the account and may have had access to certain personal information. Please note that we have no evidence that the unauthorized third party actually viewed any of your information, but because we cannot prove that they did not, we are required by law to provide you with this notice.

What We Are Doing. Upon learning of the situation, we promptly began an internal investigation and contained the incident by securing the account to prevent further access. We also hired a leading forensic and security firm to further investigate the incident and confirm the security of our computer systems and network. We have been notifying individuals on an ongoing basis as we worked to identify individuals with information in the account. We are committed to taking steps to help prevent something like this from happening again.

Although we are not aware of any instances of fraud or identity theft involving your information, we are offering you a complimentary one-year membership of Experian IdentityWorksSM Credit 3B. This product helps detect possible misuse of your personal information and provides you with identity protection services focused on immediate identification and resolution of identity theft. IdentityWorksSM Credit 3B is completely free to you and enrolling in this program will not hurt your credit score. **For more information on identity theft prevention and IdentityWorksSM Credit 3B, including instructions on how to activate your complimentary, one-year membership, please see the additional information attached to this letter.**

What Information Was Involved. While we did not see any evidence to suggest that the unauthorized individual gained access to the account to view personal information, in an abundance of caution, we reviewed the entire email account for personal information. On September 6, 2022, our investigation confirmed that the account contained your name, <<b2b_text_2(name, data elements)>>.

What You Can Do. You can find more information on steps to protect yourself against identity theft or fraud, including the tips provided by the FTC on fraud alerts, security/credit freezes, and steps you can take to avoid identity theft, in the enclosed *Additional Important Information* sheet. We also recommend that you enroll in the complimentary credit monitoring services that are being offered to you.

For More Information. For further information and assistance, please call 1-???-???-???? Monday through Friday from 8:00 a.m. to 5:30 p.m. Central Time, excluding major U.S. holidays.

Credit and Security Freezes: You may have the right to place a credit freeze, also known as a security freeze, on your credit file, so that no new credit can be opened in your name without the use of a PIN number that is issued to you when you initiate the freeze. A credit freeze is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a credit freeze, potential creditors and other third parties will not be able to get access to your credit report unless you temporarily lift the freeze. Therefore, using a credit freeze may delay your ability to obtain credit. Unlike a fraud alert, you must separately place a credit freeze on your credit file at each credit reporting company.

To place a security freeze on your credit report, you must send a written request to each of the three major consumer reporting agencies by regular, certified or overnight mail at the addresses below or, if available, comply with the consumer reporting agencies' online security freeze request procedures:

Equifax Security Freeze
1-888-298-0045
www.equifax.com
P.O. Box 105788
Atlanta, GA 30348

Experian Security Freeze
1-888-397-3742
www.experian.com
P.O. Box 9554
Allen, TX 75013

Trans Union Security Freeze
1-888-909-8872
www.transunion.com
P.O. Box 160
Woodlyn, PA 19094

In order to request a security freeze, you may need to provide the following information:

1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security Number;
3. Date of birth;
4. If you have moved in the past five (5) years, provide the addresses where you have lived over the prior five years;
5. Proof of current address such as a current utility bill or telephone bill;
6. A legible photocopy of a government issued identification card (state driver's license or ID card, military identification, etc.); and
7. If you are a victim of identity theft, include a copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft.

The credit reporting agencies have three (3) business days after receiving your request to place a security freeze on your credit report. The credit bureaus must also send written confirmation to you within five (5) business days and provide you with a unique personal identification number (PIN) or password, or both that can be used by you to authorize the removal or lifting of the security freeze.

To lift the security freeze in order to allow a specific entity or individual access to your credit report, you must call or send a written request to the credit reporting agencies by mail or, if available, comply with the consumer reporting agencies' online procedures for lifting a security freeze, and include proper identification (name, address, and social security number) and the PIN number or password provided to you when you placed the security freeze as well as the identities of those entities or individuals you would like to receive your credit report or the specific period of time you want the credit report available. The credit reporting agencies have three (3) business days after receiving your request to lift the security freeze for those identified entities or for the specified period of time.

To remove the security freeze, you must send a written request to each of the three credit bureaus by mail or, if available, comply with the consumer reporting agencies' online procedures for removing a security freeze, and include proper identification (name, address, and social security number) and the PIN number or password provided to you when you placed the security freeze. The credit bureaus have three (3) business days after receiving your request to remove the security freeze.

Fraud Alerts: You may want to consider placing a fraud alert on your credit report. A fraud alert is free and will stay on your credit report for one (1) year. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any new accounts in your name. To place a fraud alert on your credit report, contact any of the three national credit reporting agencies using the contact information listed above. Additional information is available at www.annualcreditreport.com.
