Dear <<Name 1>>:

We are writing to inform you of a cyber security incident experienced by Batesville Tool & Die, Inc. that may have involved your information described below. While we have no evidence of attempted or actual misuse of any information as a result of this incident, we are providing you with information about the incident, our response, and steps you can take to help protect your information, should you feel it appropriate to do so.

**What Happened:** On July 6, 2023, we discovered we were victimized by a sophisticated ransomware attack that impacted our network. Upon discovery, we immediately began working with our I.T. team and third-party computer specialists to investigate the full nature and scope of the incident. We also reported this incident to federal law enforcement and provided notice to potentially impacted employees on July 19, 2023 in an abundance of caution. As our investigation continued, we discovered that information related to additional current/former employees, employee spouses, and/or dependents, may also have been impacted. We then immediately began a thorough review of the files potentially subject to unauthorized access to identify what type of information may have been contained therein, and to whom that information belonged. That process was completed on September 7, 2023. We are now providing notice to those additional individuals identified.

**What Information Was Involved:** Although we are unable to confirm the specific information that may be affected, the information believed to be at risk may include your first and last name, in combination with one or more of the following: Social Security number, driver's license number, passport number, financial account number, routing number, payment card information, tax identification number, biometric data, usernames and passwords, health insurance information, and/or medical diagnosis/medical treatment information.

**What We Are Doing:** Upon discovery, we immediately engaged third-party forensic specialists to investigate this matter. Out of an abundance of caution, we have arranged for you to activate, at no cost to you, an online credit monitoring service for <<12/24>> months provided by Equifax. Due to privacy laws, we cannot activate these services for you directly. Additional information regarding how to activate the complimentary credit monitoring service is enclosed. We have also provided additional information about steps you can take to help protect yourself against fraud and identity theft.

**What You Can Do:** We recommend that you remain vigilant in regularly reviewing and monitoring all of your account statements and credit history to guard against any unauthorized transactions or activity. If you discover any suspicious or unusual activity on your accounts, please promptly contact your financial institution or company. Additionally, you can enroll to receive the complimentary credit monitoring services we are making available to you. You can also review the enclosed "Steps You Can Take to Help Protect Your Information" for additional resources.

**For More Information:** Should you have additional questions or concerns regarding this matter, please do not hesitate to contact our dedicated call center agents at 833-627-2695. You may also write to us at 177 Six Pine Ranch Road Batesville, Indiana 47006.

We take the privacy and security of the information in our care seriously, and sincerely regret any worry or inconvenience this incident may cause you and your family.

Sincerely,

A handwritten signature in dark ink, appearing to read "Bob Holtel", written in a cursive style.

<sup>1</sup>WebScan searches for your Social Security Number, up to 5 passport numbers, up to 6 bank account numbers, up to 6 credit/debit card numbers, up to 6 email addresses, and up to 10 medical ID numbers. WebScan searches thousands of Internet sites where consumers' personal information is suspected of being bought and sold, and regularly adds new sites to the list of those it searches. However, the Internet addresses of these suspected Internet trading sites are not published and frequently change, so there is no guarantee that we are able to locate and search every possible Internet site where consumers' personal information is at risk of being traded. <sup>2</sup>The Automatic Fraud Alert feature is made available to consumers by Equifax Information Services LLC and fulfilled on its behalf by Equifax Consumer Services LLC. <sup>3</sup>Locking your Equifax credit report will prevent access to it by certain third parties. Locking your Equifax credit report will not prevent access to your credit report at any other credit reporting agency. Entities that may still have access to your Equifax credit report include: companies like Equifax Global Consumer Solutions, which provide you with access to your credit report or credit score, or monitor your credit report as part of a subscription or similar service; companies that provide you with a copy of your credit report or credit score, upon your request; federal, state and local government agencies and courts in certain circumstances; companies using the information in connection with the underwriting of insurance, or for employment, tenant or background screening purposes; companies that have a current account or relationship with you, and collection agencies acting on behalf of those whom you owe; companies that authenticate a consumer's identity for purposes other than granting credit, or for investigating or preventing actual or potential fraud; and companies that wish to make pre-approved offers of credit or insurance to you. To opt out of such pre-approved offers, visit [www.optoutprescreen.com](http://www.optoutprescreen.com) <sup>4</sup>The Identity Theft Insurance benefit is underwritten and administered by American Bankers Insurance Company of Florida, an Assurant company, under group or blanket policies issued to Equifax, Inc., or its respective affiliates for the benefit of its Members. Please refer to the actual policies for terms, conditions, and exclusions of coverage. Coverage may not be available in all jurisdictions.

## **ADDITIONAL ACTIONS TO HELP PROTECT YOUR INFORMATION**

### **Monitor Your Accounts**

We encourage you to remain vigilant against incidents of identity theft and fraud by reviewing your credit reports/account statements for suspicious activity and to detect errors. Under U.S. law, you are entitled to one free credit report annually from each of the three major credit reporting bureaus, TransUnion, Experian, and Equifax. To order your free credit report, visit [www.annualcreditreport.com](http://www.annualcreditreport.com) or call 1-877-322-8228. Once you receive your credit report, review it for discrepancies and identify any accounts you did not open or inquiries from creditors that you did not authorize. If you have questions or notice incorrect information, contact the credit reporting bureau.

You have the right to place an initial or extended “fraud alert” on a credit file at no cost. An initial fraud alert is a one-year alert that is placed on a consumer’s credit file. Upon seeing a fraud alert, a business is required to take steps to verify the consumer’s identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any of the three credit reporting bureaus listed below.

As an alternative to a fraud alert, you have the right to place a “credit freeze” on a credit report, which will prohibit a credit bureau from releasing information in the credit report without your express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a credit freeze may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. To request a credit freeze, you will need to provide the following information:

1. Full name (including middle initial as well as Jr., Sr., III, etc.);
2. Social Security number;
3. Date of birth;
4. Address for the prior two to five years;
5. Proof of current address, such as a current utility or telephone bill;
6. A legible photocopy of a government-issued identification card (e.g., state driver’s license or identification card); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft, if you are a victim of identity theft.

Should you wish to place a fraud alert or credit freeze, please contact the three major credit reporting bureaus listed below :

### **Additional Information**

You can further educate yourself regarding identity theft, fraud alerts, credit freezes, and the steps you can take to protect your personal information by contacting the credit reporting bureaus, the Federal Trade Commission (FTC), or your state Attorney General. The FTC also encourages those who discover that their information has been misused to file a complaint with them. The FTC may be reached at 600 Pennsylvania Ave. NW, Washington, D.C. 20580; [www.identitytheft.gov](http://www.identitytheft.gov); 1-877-ID-THEFT (1-877-438-4338); and TTY: 1-866-653-4261.

You have the right to file a police report if you ever experience identity theft or fraud. Please note that in order to file a report with law enforcement for identity theft, you will likely need to provide some proof that you have been a victim. Instances of known or suspected identity theft should also be reported to law enforcement, your state Attorney General, and the FTC. This notice has not been delayed by law enforcement.
