Dear <<first_name>> <<middle_name>> <<last_name>> <<suffix>>:

RE: NOTICE OF DATA BREACH

At Vi Living, we understand and respect the private nature of the personal information that you share with us. This letter provides you important facts about the unauthorized access of Vi Living's information technology (IT) network that occurred in March of 2023. We also share with you important information about: (1) steps that Vi Living has taken to date to investigate and contain the incident, and (2) steps you can take to protect yourself from the potential misuse of your personal information.

What Happened? On March 13, 2023, we learned that an unauthorized third-party gained access to Vi's corporate office network and data server. Once alerted of this access, we immediately and proactively took each of Vi Senior Living's community-based IT networks offline. We reported the incident to law enforcement and cooperated with their separate investigation. Simultaneously, we engaged several leading IT forensic experts and IT remediation firms to confirm the security of our computer systems and the integrity of our IT network infrastructure. During our forensic investigation, we learned that some files from Vi's corporate office data server were accessed by the unauthorized third-party. On July 25, 2023, our investigation determined that the files contained some of your personal information.

What Information Was Involved? The information contained in the files varied by individual but may include your <<b2b_text_1 ("name," data elements)>>.

Additional Important Information

As a precautionary measure, we recommend that you remain vigilant to protect against potential fraud and/or identity theft by, among other things, reviewing your account statements and monitoring credit reports closely. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You should also promptly report any fraudulent activity or any suspected incidents of identity theft to proper law enforcement authorities, including the police and your state's attorney general, as well as the Federal Trade Commission ("FTC").

You may wish to review the tips provided by the FTC on fraud alerts, security/credit freezes and steps you can take to avoid identity theft. For more information and to contact the FTC, please visit www.ftc.gov/idtheft or call 1-877-ID-THEFT (1-877-438-4338). You may also contact the FTC at Federal Trade Commission, 600 Pennsylvania Avenue, NW, Washington, DC 20580.

Credit Reports: You may obtain a free copy of your credit report once every 12 months from each of the three national credit reporting agencies by visiting www.annualcreditreport.com, by calling toll-free 1-877-322-8228, or by completing an Annual Credit Report Request Form and mailing it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348. You can print a copy of the request form at <https://www.annualcreditreport.com/manualRequestForm.action>.

Alternatively, you may elect to purchase a copy of your credit report by contacting one of the three national credit reporting agencies. Fraud Alerts: You may want to consider placing a fraud alert on your credit report. A fraud alert is free and will stay on your credit report for one (1) year. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any new accounts in your name. To place a fraud alert on your credit report, contact any of the three national credit reporting agencies using the contact information listed above. Additional information is available at www.annualcreditreport.com.

Credit and Security Freezes: You may have the right to place a credit freeze, also known as a security freeze, on your credit file, so that no new credit can be opened in your name without the use of a PIN number that is issued to you when you initiate the freeze. A credit freeze is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a credit freeze, potential creditors and other third parties will not be able to get access to your credit report unless you temporarily lift the freeze. Therefore, using a credit freeze may delay your ability to obtain credit. Unlike a fraud alert, you must separately place a credit freeze on your credit file at each credit reporting company. Since the instructions for how to establish a credit freeze differ from state to state, please contact the three major credit reporting companies as specified below to find out more information:
