# <<Notice of Data Breach>>

# Dear <<<FIRST NAME>> <<<LAST NAME>>,

AvidXchange, Inc. ("AvidXchange") writes to notify you of a recent incident that involved your personal information. Although we have no indication of identity theft or fraud in relation to this event, we are providing you with information about the event, our response, and additional measures you can take to help protect your information, should you feel it is appropriate to do so.

### What Happened

In early April 2023, AvidXchange detected a cybersecurity incident as part of our routine security monitoring protocols. In response to the incident, we launched an investigation with the support of leading cybersecurity experts, reached out to law enforcement, expelled the threat actor from our systems, and accelerated our planned security enhancements. Our investigation revealed that the incident affected some of AvidXchange's systems and that data from these systems was extracted. Further, between May 2, 2023 and May 31, 2023, threat actors published several sets of data from the extraction. These data sets contained confidential information from our files, including personal information. We conducted a manual review of the personal information to confirm the identities of individuals potentially affected by this event and their contact information to provide notifications. We recently completed this review.

### What Information Was Involved

The following types of information related to you were extracted without authorization: name and <</vd>

# What We Are Doing

We are protecting your information, as well as customer information, by taking action to implement additional safeguards and harden our systems. These safeguards include: establishing separate, cloud-based user accounts to further limit and restrict the capabilities of privileged accounts; implementing additional logging processes and imposing more restrictions to limit access to sensitive systems; updating user access controls to require smart, context-dependent authentication; modifying firewall settings to further restrict inbound and outbound access to our environments; and deploying a new, highly secured virtual desktop environment. These safeguards are in place today, with many others being actively designed and implemented on an ongoing basis.

In addition, we are offering identity theft protection services through IDX, A ZeroFox Company, the data breach and recovery services expert. IDX identity protection services include: <<12/24>> months of credit and CyberScan monitoring, a \$1,000,000 insurance reimbursement policy, and fully managed ID theft recovery services. With this protection, IDX will help you resolve issues if your identity is affected as part of this incident.

# What You Can Do

We encourage you to contact IDX with any questions and to enroll in the free identity protection services by calling (888) 861-7014, going to <u>https://app.idx.us/account-creation/protect</u>, or scanning the QR image and using the Enrollment Code provided above. IDX representatives are available Monday through Friday from 9 am - 9 pm Eastern Time. Please note the deadline to enroll is January 13, 2024.

Again, at this time, there is no evidence that your information has been misused. However, we encourage you to take full advantage of this service offering. IDX representatives have been fully versed on the incident and can answer questions or concerns you may have regarding protection of your personal information.

### For More Information

You will find detailed instructions for enrollment on the enclosed Recommended Steps document. Also, you will need to reference the enrollment code at the top of this letter when calling or enrolling online, so please do not discard this letter.

Please call (888) 861-7014 or go to <u>https://app.idx.us/account-creation/protect</u> for assistance or for any additional questions you may have.

Sincerely,

AvidXchange, Inc.

# **Recommended Steps to help Protect your Information**

1. Website and Enrollment. Scan the QR image or go to <u>https://app.idx.us/account-creation/protect</u> and follow the instructions for enrollment using your Enrollment Code provided at the top of the letter.

**2.** Activate the credit monitoring provided as part of your IDX identity protection membership. The monitoring included in the membership must be activated to be effective. Note: You must have established credit and access to a computer and the internet to use this service. If you need assistance, IDX will be able to assist you.

**3.** Telephone. Contact IDX at (888) 861-7014 to gain additional information about this event and speak with knowledgeable representatives about the appropriate steps to take to protect your credit identity.

**4. Review your credit reports.** We recommend that you remain vigilant by reviewing account statements and monitoring credit reports. Under federal law, you also are entitled every 12 months to one free copy of your credit report from each of the three major credit reporting companies. To obtain a free annual credit report, go to <u>www.annualcreditreport.com</u> or call 1-877-322-8228. You may wish to stagger your requests so that you receive a free report by one of the three credit bureaus every four months.

If you discover any suspicious items and have enrolled in IDX identity protection, notify them immediately by calling or by logging into the IDX website and filing a request for help.

If you file a request for help or report suspicious activity, you will be contacted by a member of our ID Care team who will help you determine the cause of the suspicious items. In the unlikely event that you fall victim to identity theft as a consequence of this incident, you will be assigned an ID Care Specialist who will work on your behalf to identify, stop and reverse the damage quickly.

You should also know that you have the right to file a police report if you ever experience identity fraud. Please note that in order to file a crime report or incident report with law enforcement for identity theft, you will likely need to provide some kind of proof that you have been a victim. A police report is often required to dispute fraudulent items. You can report suspected incidents of identity theft to local law enforcement or to the Attorney General.

**5.** Place Fraud Alerts with the three credit bureaus. If you choose to place a fraud alert, we recommend you do this after activating your credit monitoring. You can place a fraud alert at one of the three major credit bureaus by phone and also via Experian's or Equifax's website. A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. The contact information for all three bureaus is as follows:

# **Credit Bureaus**

Equifax Fraud Reporting	Experian Fraud Reporting	TransUnion Fraud Reporting
1-866-349-5191	1-888-397-3742	1-800-680-7289
P.O. Box 105069	P.O. Box 9554	P.O. Box 2000
Atlanta, GA 30348-5069	Allen, TX 75013	Chester, PA 19022-2000
www.equifax.com	www.experian.com	www.transunion.com

It is necessary to contact only ONE of these bureaus and use only ONE of these methods. As soon as one of the three bureaus confirms your fraud alert, the others are notified to place alerts on their records as well. You will receive confirmation letters in the mail and will then be able to order all three credit reports, free of charge, for your review. An initial fraud alert will last for one year.

Please Note: No one is allowed to place a fraud alert on your credit report except you.

**6.** Security Freeze. By placing a security freeze, someone who fraudulently acquires your personal identifying information will not be able to use that information to open new accounts or borrow money in your name. You will need to contact the three national credit reporting bureaus listed above to place the freeze. Keep in mind that when you place the freeze, you will not be able to borrow money, obtain instant credit, or get a new credit card until you temporarily lift or permanently remove the freeze. There is no cost to freeze or unfreeze your credit files.

**7. You can obtain additional information** about the steps you can take to avoid identity theft from the following agencies. The Federal Trade Commission also encourages those who discover that their information has been misused to file a complaint with them.
