Dear [REDACTED]

Langlade County respects the privacy of your information, which is why we are writing to advise you of an incident that may have involved some of your personal information. At this time, we have no reason to believe that your personal information has been misused for the purpose of committing fraud or identity theft. Nonetheless, we want to make you aware of the incident and provide you with guidance on what you can do to protect yourself, should you feel it is appropriate to do so.

We recently discovered that an unknown, unauthorized third party encrypted certain systems on our County network. Upon learning of the incident, we promptly contained the incident and rebuilt our systems from backups. We also notified law enforcement and worked with a forensic security firm to investigate and confirm the security of our computer systems. The forensic investigation recently concluded and determined that an unknown third party initially accessed our systems on June 20, 2023, and acquired certain files from our systems from July 10 through July 11, 2023, as a part of the incident.

After a review of the files acquired by the third party we determined that the information contained in the files may have included your name, [REDACTED].

We have taken steps to reduce the risk of this type of incident occurring in the future, including enhancing our technical security measures. Although we are not aware of any instances of fraud or identity theft involving your information, we are also offering a complimentary one-year membership of Experian IdentityWorks Credit 3B. This product helps detect possible misuse of your personal information and provides you with identity protection services focused on prompt identification and resolution of identity theft. IdentityWorks Credit 3B is completely free to you, and enrolling in this program will not hurt your credit score. Additional Important Information

As a precautionary measure, we recommend that you remain vigilant to protect against potential fraud and/or identity theft by, among other things, reviewing your account statements and monitoring credit reports closely. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You should also promptly report any fraudulent activity or any suspected incidents of identity theft to proper law enforcement authorities, including the police and your state's attorney general, as well as the Federal Trade Commission ("FTC"). You may wish to review the tips provided by the FTC on fraud alerts, security/credit freezes and steps you can take to avoid identity theft. For more information and to contact the FTC, please visit www.ftc.gov/idtheft or call 1-877-ID-THEFT (1-877-438-4338). You may also contact the FTC at Federal Trade Commission, 600 Pennsylvania Avenue, NW, Washington, DC 20580.

Fraud Alerts: You may want to consider placing a fraud alert on your credit report. A fraud alert is free and will stay on your credit report for one (1) year. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any new accounts in your name. To place a fraud alert on your credit report, contact any of the three national credit reporting agencies using the contact information listed above. Additional information is available at www.annualcreditreport.com.

Credit and Security Freezes: You may have the right to place a credit freeze, also known as a security freeze, on your credit file, so that no new credit can be opened in your name without the use of a PIN number that is issued to you when you initiate the freeze. A credit freeze is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a credit freeze, potential creditors and other third parties will not be able to get access to your credit report unless you temporarily lift the freeze. Therefore, using a credit freeze may delay your ability to obtain credit. Unlike a fraud alert, you must separately place a credit freeze on your credit file at each credit reporting company. Since the instructions for how to establish a credit freeze differ from state to state, please contact the three major credit reporting companies as specified below to find out more information:
