**Re: Notice of Security Incident**

Dear Sample A. Sample:

I am writing to let you know that Warrior Met Coal, Inc. experienced a security incident that resulted in unauthorized access to some of our computer systems. Some of the files on those systems contain personal information we maintain on file for you. Based on information we have received from law enforcement and external cybersecurity experts, these files (along with others) were targeted in an effort to extort a financial payment from the company. We have taken steps to mitigate the risk and are committed to doing the right thing for each of you.

To our knowledge, we are not aware of any actual or attempted misuse of personal information as a result of this incident. However, as a precautionary measure, you have the opportunity to enroll in an identity protection solution through Experian at no cost to you. This service will provide [Extra1] months of credit and identity protection services.

Additional information about the incident, our ongoing response, and the resources that are available to help protect your information can be found below.

**What Happened?** On July 29, 2023, computer systems within our network were accessed using a highly sophisticated type of malware that evaded detection by our anti-virus software. We promptly took these systems offline, notified law enforcement, and engaged cybersecurity experts to investigate. Over the course of the following few weeks, we determined that a criminal threat actor evaded our cybersecurity defenses and acquired files containing your personal information. We have recovered the files.

**What Are We Doing?** We are continuing to work with external cybersecurity experts to investigate what happened, to strengthen our computer network, and to monitor the “dark web” for information that affects us. These efforts are all ongoing. And we are notifying you so that you are aware of what happened here. We believe it is important to be upfront with everyone involved.

**What Information Was Involved?** The information included your [Extra2].

**What You Can Do?** We are providing an Identity Protection Reference Guide that includes information on general steps you can take to monitor and protect your personal information. You will also find information enclosed on how to enroll in the credit and identity protection services we are offering you, free of charge, if you are interested in these services.

**For More Information.** If you have any questions or concerns, please review the FAQs below or reach out to our dedicated support team at 833-603-7662, Monday through Friday 8 am - 8 pm CST (excluding major U.S. holidays).

Sincerely,

Warrior Met Coal, Inc.

## **IDENTITY PROTECTION REFERENCE GUIDE**

**1. Review your Credit Reports.** We recommend that you monitor your credit reports for any activity you do not recognize. Under federal law, you are entitled every 12 months to one free copy of your credit report from each of the three major credit reporting companies. To order your free annual credit report, visit [www.annualcreditreport.com](http://www.annualcreditreport.com), call toll-free (877) 322-8228, or complete the Annual Credit Report Request Form on the U.S. Federal Trade Commission's ("FTC") website at [www.ftc.gov](http://www.ftc.gov) and mail it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348-5281. The three credit bureaus provide free annual credit reports only through the website, toll-free number or request form.

If you see anything in your credit report that you do not understand, call the credit bureau at the telephone number on the report. You should notify the credit bureaus of any inaccuracies in your report, whether due to error or fraud, as soon as possible so the information can be investigated and, if found to be in error, corrected. If there are accounts or charges you did not authorize, immediately notify the appropriate credit bureau by telephone and in writing.

**2. Place Fraud Alerts.** You can place a fraud alert at one of the three major credit bureaus by phone and also via Experian's or Equifax's website. A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. Please note that placing a fraud alert may delay you when seeking to obtain credit. You can learn more about fraud alerts by contacting the credit bureaus or by visiting their websites:

Equifax  
1-800-525-6285  
P.O. Box 740241  
Atlanta, GA 30374-0241  
[www.equifax.com](http://www.equifax.com)

Experian  
1-888-397-3742  
P.O. Box 9554  
Allen, TX 75013  
[www.experian.com](http://www.experian.com)

TransUnion  
1-800-680-7289  
P.O. Box 2000  
Chester, PA 19022-2000  
[www.transunion.com](http://www.transunion.com)

It is only necessary to contact one of these bureaus and use only one of these methods. As soon as one of the three bureaus confirms your fraud alert, the others are notified to place alerts on their records as well. You should receive confirmation letters in the mail and will then be able to order all three credit reports, free of charge, for your review.

**3. Place Security Freezes.** By placing a security freeze, someone who fraudulently acquires your personally identifying information will not be able to use that information to open new accounts or borrow money in your name. Federal and state laws prohibit charges for placing, temporarily lifting, or removing a security freeze. Keep in mind that when you place the freeze, you will not be able to borrow money, obtain instant credit, or get a new credit card until you temporarily lift or permanently remove the freeze.

To place a security freeze, you must contact each of the three national credit reporting bureaus listed above and provide the following information: (1) your full name; (2) your social security number; (3) date of birth; (4) the addresses where you have lived over the past two years; (5) proof of current address, such as a utility bill or telephone bill; (6) a copy of a government issued identification card; and (7) if you are the victim of identity theft, include the police report, investigative report, or complaint to a law enforcement agency. If the request to place a security freeze is made by toll-free telephone or secure electronic means, the credit bureaus have one business day after receiving your request to place the security freeze on your credit report. If the request is made by mail, the credit bureaus have three business days to place the security freeze on your credit report after receiving your request. The credit bureaus must send confirmation to you within five business days and provide you with information concerning the process by which you may remove or lift the security freeze. There is no cost to place a security freeze.

**4. Monitor Your Account Statements.** We encourage you to carefully monitor your financial account statements, medical provider statements, and insurance statements for fraudulent activity and report anything suspicious to the respective institution or provider.

**You can also further educate yourself** regarding identity theft, fraud alerts, security freezes, and the steps you can take to protect yourself, by contacting the consumer reporting agencies, your state Attorney General, or the Federal Trade Commission (FTC).
