<<NOTICE OF DATA BREACH [CA ONLY]>>

Dear <<Name 1>>,

We are writing to inform you that Bunker Hill Community College (“BHCC” or “we”) experienced a data incident in May 2023 (“Incident”) that potentially involved your personal information (“Information”). This letter provides you with information about this Incident, our response, and if necessary, information on where to direct your questions. Additionally, we have also provided steps you can take to protect your Information, including the ability to enroll in credit monitoring services that we are offering free of charge for twenty-four (24) months.

What Happened?

On May 23, 2023, we detected irregular activity on certain BHCC systems that was consistent with a ransomware attack. BHCC immediately responded to the situation by taking the affected systems offline, engaging data security and privacy experts, contacting law enforcement, and simultaneously beginning an investigation. BHCC personnel were able to stop the unauthorized activity from spreading and contained the Incident to a limited number of BHCC systems.

The investigation found that an unauthorized actor gained access to BHCC’s network before deploying ransomware. The investigation was also able to confirm that a limited amount of data was copied from BHCC’s network. Accordingly, BHCC reviewed the relevant data to confirm the identities of individuals whose Information was potentially involved and gather contact information, where available, to send this notification.

What Information Was Involved?

BHCC’s investigation determined that the copied data included the following categories of your Information: name and <<DATA ELEMENTS>>.

What We Are Doing.

Upon becoming aware of the unauthorized activity, BHCC immediately implemented measures to further improve the security of BHCC’s information technology systems and practices, including resetting and strengthening passwords, implementing new network security tools, and adopting new network access policies. It is recommended that you remain vigilant against incidents of fraud and identity theft by reviewing account statements and monitoring your credit report for unauthorized activity. You may obtain a copy of your credit report, free of charge, once every twelve (12) months from each of the three nationwide credit reporting agencies.

To order your annual free credit report please visit www.annualcreditreport.com or call toll free at **1-877-322-8228**.

You can also order your annual free credit report by mailing a completed Annual Credit Report Request Form (available from the U.S. Federal Trade Commission's ("FTC") website at www.consumer.ftc.gov) to: Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348-5281.

Fraud Alert. You may place a fraud alert in your file by calling one of the three nationwide credit reporting agencies above. A fraud alert tells creditors to follow certain procedures, including contacting you before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit.

Security Freeze. Pursuant to 15 U.S.C. § 1681c-1, you may obtain a security freeze on your credit report, free of charge, to protect your privacy and ensure that credit is not granted in your name without your knowledge. You may also submit a declaration of removal to remove information placed in your credit report as a result of being a victim of identity theft. You have a right to place a security freeze on your credit report, free of charge, or submit a declaration of removal pursuant to the Fair Credit Reporting and Identity Security Act.

The security freeze will prohibit a consumer reporting agency from releasing any information in your credit report without your express authorization or approval. The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. When you place a security freeze on your credit report, you will be provided with a personal identification number, password, or similar device to use if you choose to remove the freeze on your credit report or to temporarily authorize the release of your credit report to a specific party or parties or for a specific period of time after the freeze is in place.

To place a security freeze on your credit report, you may be able to use an online process, an automated telephone line, or a written request to any of the three credit reporting agencies listed above. The following information must be included when requesting a security freeze (note that if you are requesting a credit report for your spouse, this information must be provided for him/her as well): (1) full name, with middle initial and any suffixes; (2) Social Security number; (3) date of birth; (4) current address and any previous addresses for the past five years; and (5) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles. The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. It is essential that each copy be legible, and display your name, current mailing address, and the date of issue.

Federal Trade Commission and State Attorneys General Offices. If you believe you are the victim of identity theft or have reason to believe your personal information has been misused, you should immediately contact the Federal Trade Commission and/or the Attorney General's office in your home state. You may also contact these agencies for information on how to prevent or avoid identity theft.

You may contact the **Federal Trade Commission**, Consumer Response Center, 600 Pennsylvania Avenue, NW, Washington, DC 20580, www.ftc.gov/, 1-877-IDTHEFT (438-4338).
