

## What You Can Do

There are steps you can take to help protect your information, including enrolling in the identity protection service we are offering to you for free. We are providing you with access to Single Bureau Credit Monitoring/Single Bureau Credit Report/Single Bureau Credit Score services at no charge. These services provide you with alerts for 24 months from the date of enrollment when changes occur to your credit file. This notification is sent to you the same day that the change or update takes place with the bureau. Finally, we are providing you with proactive fraud assistance to help with any questions that you might have or in event that you become a victim of fraud. These services will be provided by Cyberscout through Identity Force, a TransUnion company specializing in fraud assistance and remediation services.

To enroll in Credit Monitoring services at no charge, please log on to <https://secure.identityforce.com/benefit/dxc> and follow the instructions provided. When prompted please provide the following unique code to receive services: **RWV3CDXW43**

In order for you to receive the monitoring services described above, you must enroll within 90 days from the date of this letter. The enrollment requires an internet connection and e-mail account and may not be available to minors under the age of 18 years of age. Please note that when signing up for monitoring services, you may be asked to verify personal information for your own protection to confirm your identity.

Again, at this time, there is no evidence that your information has been accessed as a result of this incident, but we encourage you to follow best practices and remain vigilant for suspicious activity and to regularly review your financial statements and credit reports. In order to take advantage of free identity protection service for two years, please review the information attached to this letter. TransUnion representatives can answer questions or concerns you may have regarding these services and the protection of your information.

## For More Information

In addition to the information provided in this letter, we have also enclosed an attachment with additional information and resources. Please note, you will need to reference the enrollment code at the top of this letter when calling or enrolling online, so please retain this letter for your enrollment.

If you have any additional questions, you can call 1-833-760-0556 from 8:00 am to 8:00 pm ET, Monday through Friday, excluding holidays.

Sincerely,

Paul Kaiser  
Chief Executive Officer

**Order Your Free Annual Credit Report.** You can order your free annual credit report online at [www.annualcreditreport.com](http://www.annualcreditreport.com), by phone (toll free) at 877-322-8228, or by mail by submitting a completed Annual Credit Report Request Form to: Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348-5281. You can download a copy of the request form on the FTC website: [www.ftc.gov](http://www.ftc.gov). You can also visit the Consumer Financial Protection Bureau’s website for more information on how you can obtain your credit report for free: [www.consumerfinance.gov](http://www.consumerfinance.gov). Once you receive your credit reports, review them carefully for any discrepancies. Identify any accounts you did not open or inquiries from creditors that you did not authorize. Verify all information is correct. If you have questions or notice incorrect information, contact the credit reporting agency.

**Review Your Accounts and Report Unauthorized Activity.** We recommend you remain vigilant with respect to reviewing your account statements and credit reports, and promptly report any suspicious activity or suspected identity theft to the proper law enforcement authorities, including local law enforcement, your state’s attorney general, and/or the FTC. Carefully review your credit reports and bank, credit card, and other account statements. Be proactive and create alerts on credit cards and bank accounts to notify you of activity. If you discover unauthorized or suspicious activity on your credit report or by any other means, file an identity theft report with your local police and contact a credit reporting company. You may also consider filing or obtaining a police report.

**Consider Placing a Fraud Alert on Your Credit File.** To protect yourself from potential identity theft, you may consider placing a fraud alert on your credit file. A fraud alert is intended to make it more difficult for someone to open a new credit account in your name. A fraud alert indicates to an entity requesting your credit file that you suspect you are a victim of fraud. When you or someone else attempts to open a credit account in your name, increase the credit limit on an existing account, or obtain a new card on an existing account, the alert notifies the entity to take steps to verify your identity. You may contact one of the credit reporting agencies listed above for assistance.

**Consider Placing a Security Freeze on Your Credit File.** You also may consider implementing a security freeze (also called a “credit freeze”). Placing a freeze on your credit report restricts access to your credit report and will prevent lenders and others from accessing your credit report entirely. This means you (or others) will not be able to open a new credit account while the freeze is in place. You can temporarily lift the credit freeze if you need to apply for new credit. With a security freeze in place, you may be required to take special steps when you wish to apply for any type of credit. You may contact one of the credit reporting agencies listed above for assistance.

**Remain Vigilant and Lookout for Phishing Schemes.** We also encourage you to remain vigilant in managing and handling your personal information and be on the lookout for suspicious emails, such as phishing schemes. Phishing schemes are attempts by criminals to steal personal information, including credit card numbers and social security numbers, over email. These attempts are often made by manipulating an email to make it look as if it came from a legitimate source, but which are actually sent by a fraudulent impersonator. Pay particular attention to anyone asking you to click on a link or attachment, especially if the email requests sensitive information, and pay close attention to the email address (e.g., look for misspellings). It is also important that you check the recipient's email address when replying to emails to ensure it is legitimate. Also consider taking steps such as carrying only essential documents with you, being aware of how and with whom you are sharing your personal information, and shredding receipts, statements, and other sensitive information once you no longer need them.
