Dear <<Name 1>>:

We were recently informed by our medical services subcontractor (a company named “Itelagen”) that one of its subcontractors suffered a data security incident involving a limited amount of patient information. The security incident occurred to Health Prime International (“Health Prime”), a contractor of Itelagen. While we have no evidence that your information has been misused, we remain committed to your privacy and transparency.

This letter provides information about the security incident and steps you can take to mitigate your risk.

***What Happened?***

On November 26, 2020, Health Prime became aware of suspicious activity impacting certain servers. Health Prime quickly launched an investigation to determine the nature and scope of this incident, working with industry-leading computer forensics specialists to determine what happened and what information may have been affected. Health Prime’s investigation determined that an unauthorized actor gained access to Health Prime’s systems and removed certain files and folders. On January 12, 2021, Health Prime completed a thorough and lengthy review to determine whether sensitive information was present in the impacted files.

***What Information was Involved?***

Although the investigation is ongoing, Health Prime has determined that some patient information may have been potentially accessed, including <<Breached Elements>>.

***What You Can Do.***

Although Health Prime has been unable to confirm if your information was impacted, as an added precaution, Health Prime is offering you access to one year of credit monitoring and identity theft restoration services through Transunion. There is no cost to you for this service. Please review the attached instructions for more information about how you can enroll.

We encourage you to remain vigilant against identity theft and fraud incidents, review your account statements and explanation of benefits forms, and monitor your credit reports for suspicious activity.

***What We Are Doing.***

We have been working with Itelagen and Health Prime to ensure that additional internal control safeguards have been put in place to prevent future incidents. With technology demands multiplying, we continue to be vigilant and proactive against cyber breaches.

We value your trust and will continue to prioritize your medical care.

***For More Information.***

Thank you for trusting us with your health for over 30 years. If you have questions, please contact 855-435-0528 Monday through Friday, from 9 a.m. to 9 p.m., Eastern Time or our Director of Operations, Ganesh Prasad MSc, at 340-718-7788 ext. 204.

Sincerely,

*Dr. Arakere B. Prasad*

## Steps You Can Take to Protect Your Information

### **Enroll in Credit Monitoring**

As a safeguard, we have arranged for you to enroll, at no cost to you, in an online credit monitoring service (*myTrueIdentity*) for one year provided by TransUnion Interactive, a subsidiary of TransUnion,<sup>®</sup> one of the three nationwide credit reporting companies.

*How to Enroll: You may sign up online or via U.S. mail delivery.*

- To enroll in this service, go to the *myTrueIdentity* website at [www.MyTrueIdentity.com](http://www.MyTrueIdentity.com) and, in the space referenced as “Enter Activation Code,” enter the 12-letter Activation Code <<**Activation Code**>> and follow the three steps to receive your credit monitoring service online within minutes.
- If you do not have access to the Internet and wish to enroll in a similar offline, paper-based credit monitoring service, via U.S. mail delivery, please call the TransUnion Fraud Response Services toll-free hotline at **1-855-288-5422**. When prompted, enter the six-digit telephone passcode <<**Pass Code**>> and follow the steps to enroll in the offline credit monitoring service, add an initial fraud alert to your credit file, or to speak to a TransUnion representative if you believe you may be a victim of identity theft.

You can sign up for the online or offline credit monitoring service anytime between now and <<**Enrollment Deadline**>>.

Due to privacy laws, we cannot register you directly. Please note that credit monitoring services might not be available for individuals who do not have a credit file with TransUnion or an address in the United States (or its territories) and a valid Social Security number. Enrolling in this service will not affect your credit score. Here is additional information about the 12-month complimentary credit monitoring service.

- Once you are enrolled, you will be able to obtain one year of unlimited access to your TransUnion credit report and credit score.
- The daily credit monitoring service will notify you if there are any critical changes to your credit file at TransUnion, including fraud alerts, new inquiries, new accounts, new public records, late payments, changes of address, and more.
- The service also includes access to an identity restoration program that provides assistance in the event that your identity is compromised and up to \$1,000,000 in identity theft insurance with no deductible. (Policy limitations and exclusions may apply.)

### **Monitor Your Accounts**

We encourage you to remain vigilant against identity theft and fraud incidents, review your account statements and explanation benefits, and monitor your credit reports for suspicious activity.

Under U.S. law, you are entitled to one free credit report annually from each of the three major credit reporting bureaus. To order your free credit report, visit [www.annualcreditreport.com](http://www.annualcreditreport.com) or call toll-free, 1-877-322-8228. You may also directly contact the three major credit bureaus to request a free copy of your credit report.

You have the right to place a “security freeze” on your credit report, which will prohibit a consumer reporting agency from releasing information in your credit report without your express authorization. The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent.

However, you should be aware that using a security freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit.

Under federal law, you cannot be charged to place or lift a security freeze on your credit report. Should you wish to place a security freeze, please contact the major consumer reporting agencies listed below:

**Experian**  
PO Box 9554  
Allen, TX 75013  
1-888-397-3742  
[www.experian.com/freeze/center.html](http://www.experian.com/freeze/center.html)

**TransUnion**

1-800-685-1111  
[www.equifax.com/personal/credit-report-services](http://www.equifax.com/personal/credit-report-services)

To request a security freeze, you will need to provide the following information:

1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security Number;
3. Date of birth;
4. If you have moved in the past five years, provide the addresses where you have lived over the prior five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver’s license or ID card, military identification, etc.);
7. If you are a victim of identity theft, include a copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft.

As an alternative to a security freeze, you have the right to place an initial or extended “fraud alert” on your file at no cost. An initial fraud alert is a 1-year alert that is placed on a consumer’s credit file. Upon seeing a fraud alert display on a consumer’s credit file, a business is required to take steps to verify the consumer’s identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any one of the agencies listed below:

### Additional Information

You can further educate yourself regarding identity theft, fraud alerts, security freezes, and the steps you can take to protect yourself by contacting the consumer reporting agencies, the Federal Trade Commission, or your state Attorney General.

The Federal Trade Commission can be reached at 600 Pennsylvania Avenue NW, Washington, DC 20580, [www.identitytheft.gov](http://www.identitytheft.gov) or [www.consumer.gov/idtheft](http://www.consumer.gov/idtheft), 1-877-ID-THEFT (1-877-438-4338).

The Federal Trade Commission also encourages those who discover that their information has been misused to file a complaint with them. You can obtain further information on how to file such a complaint by way of the contact information listed above. You have the right to file a police report if you ever experience identity theft or fraud. Please note that in order to file a report with law enforcement for identity theft, you will likely need to provide some proof that you have been a victim. Instances of known or suspected identity theft should also be reported to law enforcement and your state Attorney General. This notice has not been delayed by law enforcement.
