Radiation Mark Removal

Branding Tattoo Removal

This pro bono service is open to all survivors of sex trafficking with branding tattoos. Patients must have completed or be actively participating in a rehabilitation program or recovery support group affiliated with the [National Trafficking Sheltered Alliance](#).

Radiation Mark Removal

Patients who wish to take advantage of this special offering must simply contact the nearest participating physician to schedule a consultation. We've created an easy-to-use locator service to help you do just that. This free service is open to all cancer patients and is not limited to breast cancer or lymphoma survivors. The program is offered year-round.
