Dear <<first_name>> <<middle_name>> <<last_name>> <<suffix>>:

OTR Leasing understands the importance of protecting our customers' information. Regrettably, we are writing to inform you of an incident that involves some of your information. This notice explains the incident, measures we have taken, and some steps you can take in response.

We recently learned that an unauthorized person gained access to a limited number of employee email accounts with personal information between January 14, 2020 and January 20, 2020. We immediately secured the accounts and a leading cyber security firm was hired to assist with the investigation. The investigation was unable to determine whether the unauthorized person actually viewed any emails or attachments in the accounts. In an abundance of caution, we reviewed the emails and attachments in the accounts to identify individuals whose information may have been accessible to the unauthorized person and on June 8, 2020, we determined that an email or attachment contained your <<b2b_text_1 (Impacted Data)>>.

While we have no indication that your information was actually viewed by the unauthorized person, or that it has been misused, we wanted to notify you of this incident and assure you that we take it very seriously. As a precaution, we have arranged for Kroll to provide identity monitoring at no cost to you for one year. Your identity monitoring services include Credit Monitoring, Fraud Consultation, and Identity Theft Restoration. We deeply regret any inconvenience or concern that this incident may cause. To help prevent something like this from happening again, we reset all employee passwords, limited external email access, continued to educate users on how to identify and avoid malicious emails, and added additional authentication measures for remote email access. To assist with any further questions or requests for information that you may have, we have set up a dedicated third-party call center. Please call 1-844-952-2233, Monday to Friday between 8:00 am and 5:30 pm Central Time.

Sincerely,

You can obtain information from these sources about steps an individual can take to avoid identity theft as well as information about fraud alerts and security freezes. You should also contact your local law enforcement authorities and file a police report. Obtain a copy of the police report in case you are asked to provide copies to creditors to correct your records. Contact information for the Federal Trade Commission is as follows:

Fraud Alerts and Credit or Security Freezes:

Fraud Alerts: There are two types of general fraud alerts you can place on your credit report to put your creditors on notice that you may be a victim of fraud—an initial alert and an extended alert. You may ask that an initial fraud alert be placed on your credit report if you suspect you have been, or are about to be, a victim of identity theft. An initial fraud alert stays on your credit report for one year. You may have an extended alert placed on your credit report if you have already been a victim of identity theft with the appropriate documentary proof. An extended fraud alert stays on your credit report for seven years.

To place a fraud alert on your credit reports, contact one of the nationwide credit bureaus. A fraud alert is free. The credit bureau you contact must tell the other two, and all three will place an alert on their versions of your report.

For those in the military who want to protect their credit while deployed, an Active Duty Military Fraud Alert lasts for one year and can be renewed for the length of your deployment. The credit bureaus will also take you off their marketing lists for pre-screened credit card offers for two years, unless you ask them not to.

Credit or Security Freezes: You have the right to put a credit freeze, also known as a security freeze, on your credit file, free of charge, which makes it more difficult for identity thieves to open new accounts in your name. That's because most creditors need to see your credit report before they approve a new account. If they can't see your report, they may not extend the credit.

How do I place a freeze on my credit reports? There is no fee to place or lift a security freeze. Unlike a fraud alert, you must separately place a security freeze on your credit file at each credit reporting company. For information and instructions to place a security freeze, contact each of the credit reporting agencies at the addresses below:

- **Experian Security Freeze**, PO Box 9554, Allen, TX 75013, www.experian.com
- **TransUnion Security Freeze**, PO Box 2000, Chester, PA 19016, www.transunion.com
- **Equifax Security Freeze**, PO Box 105788, Atlanta, GA 30348, www.equifax.com

You'll need to supply your name, address, date of birth, Social Security number and other personal information.

After receiving your freeze request, each credit bureau will provide you with a unique PIN (personal identification number) or password. Keep the PIN or password in a safe place. You will need it if you choose to lift the freeze.

How do I lift a freeze? A freeze remains in place until you ask the credit bureau to temporarily lift it or remove it altogether. If the request is made online or by phone, a credit bureau must lift a freeze within one hour. If the request is made by mail, then the bureau must lift the freeze no later than three business days after getting your request.

If you opt for a temporary lift because you are applying for credit or a job, and you can find out which credit bureau the business will contact for your file, you can save some time by lifting the freeze only at that particular credit bureau. Otherwise, you need to make the request with all three credit bureaus.
