Subject: Requested Extension of Time

Dear Gary,

We are in receipt of your March 18, 2015 email withdrawing your client's proposal with regard to the \$10.5 million proposed distribution and requesting an extension of time to reassess the structure of the proposed Community Hospital Legacy Foundation.

You have requested between three and six months to complete this work. We grant your requested extension to September 20, 2015. We look forward to your client's diligent efforts to perform these tasks as expeditiously as reasonably possible.

Our principal concern is that the nearly \$75 million in charitable assets be distributed according to a thoughtful plan developed from a thorough process.

When you complete your re-evaluation of the Community Hospital Legacy Foundation, please submit your proposal to this office for consideration.

In the meantime, CMC Missoula Inc. will remain responsible for the prudent management of these funds.

Sincerely,

Kelley
