OFFICE OF CONSUMER PROTECTION

Dear <First> <Last>,

The privacy of our customers is important to State Farm®, which is why we are writing to let you know about a data security incident that involved your personal information.

On October 26, 2015 a State Farm agent's office, with whom you may have had prior interactions, sent an email with an incorrect attachment to a State Farm customer. The attachment may have included your name, Social Security Number, Driver's License Number, Date of Birth, health insurance information and/or records of an agent's or an agent's employee's interactions with you or members of your household.

The agent involved contacted the customer who received the email, and the customer agreed to delete the email. We have no reason to believe your personal information has been viewed or misused.

As a precautionary measure and at our expense, we are offering you a 12-month subscription to a credit monitoring and identity theft protection service called TransUnion Credit Monitoring®. This service will provide you with a copy of your credit report, monitor your credit files at the three major credit reporting agencies, notify you of certain suspicious activities that could indicate potential identity theft, and provide up to \$1,000,000 Identity Theft insurance for you and your covered family members if you are victims of identity theft. This program is provided by TransUnion Interactive, a subsidiary of TransUnion, one of the three nationwide credit reporting companies.

To learn more about TransUnion Credit Monitoring® and to enroll in an online service, go to www.truecredit.com/code, follow the online instructions and enter gift certificate code **SFWYDWRCLPBBSPVB** when prompted. To enroll by phone for a paper-based service delivered through the mail, please contact TransUnion's Call Center toll-free at 800-354-1036, Monday–Friday, 8:30 am – 7:30 pm (Eastern Time). Provide this 6-digit Offer ID, **B25528**, to the customer service representative. This offer will be available until **3/01/2016**. For more information, please see "Frequently Asked Questions" at the end of this letter.

In addition, we offer the following information for general awareness:

- ❖ You should remain vigilant for the next 12 to 24 months by reviewing and monitoring your accounts and credit reports. If you do find suspicious activity on your accounts, call your local police or your state Attorney General's office to file a report. You have a right to obtain a police report if you are a victim of identity theft. Information about identity theft, fraud alerts, and security freezes can be obtained from the sources listed below.
- ❖ If you discover suspicious activity on any of your billings and other accounts, notify the account issuer of the fraudulent use and work with the institution to remove fraudulent transactions. A fraud alert tells creditors to contact you before they open any new accounts or make changes to your existing accounts, however, this could also slow down a credit application process. A fraud alert generally stays in place for 90 days. You may want to contact the fraud department of one of the credit reporting agencies below to place a fraud alert on your consumer credit report.

- **Equifax:** 800-525-6285; www.alerts.equifax.com/; P.O. Box 740256, Atlanta, GA 30374
- **Experian:** 888-397-3742; www.experian.com/fraud/; P.O. Box 9554, Allen, TX 75013
- **TransUnion:** 800-680-7289; www.transunion.com/fraud/; P.O. Box 2000, Chester, PA 19022

- ❖ You are entitled to receive a free copy of your credit report annually from each of the three major reporting agencies. You may request it through one of the following methods:
 - **Phone:** toll free number – 877-322-8228
 - **Online:** www.annualcreditreport.com
 - **U.S. Mail:** Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA, 30348-5281

Even if you do not find any signs of fraud on your initial report, we recommend that you periodically check your credit reports.

- ❖ You may place a “security freeze” (also known as a “credit freeze”) on your credit file. A security freeze is designed to prevent potential creditors from accessing your credit report at the three national credit bureaus without your consent. Unlike a fraud alert, you must separately place a security freeze on your credit file at each credit bureau listed above. Because the instructions for how to establish a security freeze differ from state to state, please contact the three credit bureaus to find out more information.
- ❖ Additional guidance on what identity theft is and how to report suspected fraudulent transactions can be obtained from the Federal Trade Commission (FTC):
 - **Phone:** 877-ID-THEFT (438-4338); or TTY: 866-653-4261
 - **Online:** www.ftc.gov/IDTheft
 - **U.S. Mail:** Identity Theft Clearinghouse, Federal Trade Commission, 600 Pennsylvania Avenue, NW, Washington, DC 20580

I truly regret the inconvenience and concern this situation may have caused you. Should you have questions about this incident, please do not hesitate to contact our Agency Sales Resource Center at 1-877-889-2294 option 5, option 0 between the hours of 7:00 am – 7:00 pm, Monday – Friday (Central Time).

Sincerely,

Craig Allen
