Notice of Data Security Incident

Dear <<First Name>> <<Last Name>>,

We wanted to provide you with an update about the recent data security incident experienced by Indian Health Council, Inc. ("Indian Health") that may have impacted your protected health information ("PHI"), including your name, health information, and health insurance information. We take the privacy and security of your information seriously, and sincerely apologize for any concern or inconvenience this may cause you. This letter contains information about steps you can take to protect your information, and resources we are making available to help you.

What happened:

On September 22, 2020, we experienced a data security incident that impacted a number of servers and endpoints and disrupted access to certain files on our system. We immediately began an internal investigation and hired independent computer forensic investigators to help us determine what occurred, and whether any information was at risk. The forensic investigator found that an unauthorized actor may have gained access to certain files stored on our system that may have contained some of your PHI.

What information was involved:

From our investigation, it appears that documents stored on our system contained your name, date of birth, health information, and health insurance information. For a limited number of individuals, medical information, condition, treatment, or diagnosis information may have also been disclosed.

What we are doing:

We want to assure you that we are taking steps to minimize the risk of this kind of event from happening in the future. Since the incident, we have put additional controls in place for any type of remote access to our systems, changed all impacted passwords, and implemented multi-factor authentication.

For more information:

Please call 1-833-905-3232 for any additional questions you may have. Your trust is a top priority for us, and we deeply regret any inconvenience or concern that this matter may cause you.

Sincerely,

A handwritten signature in black ink, appearing to read "Orvin Hanson", is written over a light blue horizontal line.

Recommended Steps to Help Protect Your Information

1. Telephone. Contact IDX at 1-833-905-3232 to gain additional information about this event.

2. Review your credit reports. We recommend that you remain vigilant by reviewing account statements and monitoring credit reports. Under federal law, you also are entitled every 12 months to one free copy of your credit report from each of the three major credit reporting companies. To obtain a free annual credit report, go to www.annualcreditreport.com or call 1-877-322-8228. You may wish to stagger your requests so that you receive a free report by one of the three credit bureaus every four months.

You should also know that you have the right to file a police report if you ever experience identity fraud. Please note that in order to file a crime report or incident report with law enforcement for identity theft, you will likely need to provide some kind of proof that you have been a victim. A police report is often required to dispute fraudulent items. You can report suspected incidents of identity theft to local law enforcement or to the Attorney General.

3. Place Fraud Alerts with the three credit bureaus. If you choose to place a fraud alert, we recommend you do this after activating your credit monitoring. You can place a fraud alert at one of the three major credit bureaus by phone and also via Experian's or Equifax's website. A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. The contact information for all three bureaus is as follows:

Credit Bureaus

Equifax Fraud Reporting
1-866-349-5191
P.O. Box 105069
Atlanta, GA 30348-5069
www.equifax.com

Experian Fraud Reporting
1-888-397-3742
P.O. Box 9554
Allen, TX 75013
www.experian.com

TransUnion Fraud Reporting
1-800-680-7289
P.O. Box 2000
Chester, PA 19022-2000
www.transunion.com

It is necessary to contact only ONE of these bureaus and use only ONE of these methods. As soon as one of the three bureaus confirms your fraud alert, the others are notified to place alerts on their records as well. You will receive confirmation letters in the mail and will then be able to order all three credit reports, free of charge, for your review. An initial fraud alert will last for one year.

Please Note: No one is allowed to place a fraud alert on your credit report except you.

4. Security Freeze. By placing a security freeze, someone who fraudulently acquires your personal identifying information will not be able to use that information to open new accounts or borrow money in your name. You will need to contact the three national credit reporting bureaus listed above to place the freeze. Keep in mind that when you place the freeze, you will not be able to borrow money, obtain instant credit, or get a new credit card until you temporarily lift or permanently remove the freeze. There is no cost to freeze or unfreeze your credit files.

5. You can obtain additional information about the steps you can take to avoid identity theft from the following agencies. The Federal Trade Commission also encourages those who discover that their information has been misused to file a complaint with them.

California Residents: Visit the California Office of Privacy Protection (www.oag.ca.gov/privacy) for additional information on protection against identity theft.
