## Re: Notice of Data Breach

Dear <<first\_name>> <<middle\_name>> <<last\_name>> <<suffix>>:

The Rockwood School District (“District”) is writing to inform you of a recent incident which may impact some of your information. The confidentiality, privacy and security of information in the District’s care is one of its highest priorities and the District takes this incident very seriously. We are providing you with information about the event, our response, and steps you may take to better protect your information, should you feel it is appropriate to do so.

**What Happened?** On June 17, 2021, the District discovered that certain computer systems in its network had been infected with malware which prevented access to certain files on those systems. Upon discovery, the District immediately notified law enforcement and began an investigation with the assistance of third-party computer forensic specialists. Our investigation recently determined that certain RSD systems were subject to unauthorized access between April 20, 2021 and June 24, 2021. Through this investigation, it was determined that the District was the victim of a criminal ransomware attack. While the investigation was able to determine that certain District systems were accessed, the investigation was unable to confirm what information within those systems was actually accessed. Therefore, out of an abundance of caution, we conducted an extensive review of the contents of the impacted systems in order to provide notice to impacted individuals.

**What information was involved?** Although we are unaware of any actual or attempted misuse of your information, we are providing you this notification out of an abundance of caution because certain information related to you may have been on the impacted systems. The impacted information relating to you includes: <<b2b\_text\_1(DataElements)>>.

**What Are We Doing?** Rockwood School District takes the confidentiality and security of information very seriously. We promptly investigated this incident and took steps to secure our systems. We also implemented additional security measures and we are reviewing and enhancing existing policies and procedures to reduce the likelihood of a similar future event. As an added precaution, we are providing you with access to complimentary identity monitoring services through Kroll for one year.

**What Can You Do?** We encourage you to remain vigilant against incidents of identity theft and fraud and to review your account statements and free credit reports for suspicious activity and to detect errors. We also encourage you to review the “*Steps You Can Take to Help Protect Your Information*” section of this letter.

**For More Information.** If you have additional questions, please call 1-XXX-XXX-XXXX, Monday through Friday from 8:00 a.m. – 5:30 p.m. Central Time (excluding some U.S. holidays). Additional information, including frequently asked questions, can be found on the District’s website at [rsdmo.org](https://rsdmo.org).

Please know that we share your concern and regret the inconvenience and anxiety this situation has caused for everyone involved. Rockwood School District remains committed to protecting the information in our care and will continue to take steps to continuously improve and enhance the security of our systems.

Sincerely,

Deb Ketring

Chief Information Officer

The Rockwood School District

### Monitor Your Accounts

Under U.S. law, a consumer is entitled to one free credit report annually from each of the three major credit reporting bureaus, Equifax, Experian, and TransUnion. To order your free credit report, visit [www.annualcreditreport.com](http://www.annualcreditreport.com) or call, toll-free, 1-877-322-8228. You may also directly contact the three major credit reporting bureaus listed below to request a free copy of your credit report.

Consumers have the right to place an initial or extended “fraud alert” on a credit file at no cost. An initial fraud alert is a 1-year alert that is placed on a consumer’s credit file. Upon seeing a fraud alert display on a consumer’s credit file, a business is required to take steps to verify the consumer’s identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any one of the three major credit reporting bureaus listed below.

As an alternative to a fraud alert, consumers have the right to place a “credit freeze” on a credit report, which will prohibit a credit bureau from releasing information in the credit report without the consumer’s express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a credit freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. To request a security freeze, you will need to provide the following information:

1. Full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. Addresses for the prior two to five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver’s license or ID card, etc.); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft if you are a victim of identity theft.

Should you wish to place a credit freeze, please contact the three major credit reporting bureaus listed below:

### Additional Information

You may further educate yourself regarding identity theft, fraud alerts, credit freezes, and the steps you can take to protect your personal information by contacting the consumer reporting bureaus, the Federal Trade Commission, or your state Attorney General. The Federal Trade Commission may be reached at: 600 Pennsylvania Avenue NW, Washington,

DC 20580; [www.identitytheft.gov](http://www.identitytheft.gov); 1-877-ID-THEFT (1-877-438-4338); and TTY: 1-866-653-4261. The Federal Trade Commission also encourages those who discover that their information has been misused to file a complaint with them. You can obtain further information on how to file such a complaint by way of the contact information listed above. You have the right to file a police report if you ever experience identity theft or fraud. Please note that in order to file a report with law enforcement for identity theft, you will likely need to provide some proof that you have been a victim. Instances of known or suspected identity theft should also be reported to law enforcement and your state Attorney General. This notice has not been delayed by law enforcement.

## TAKE ADVANTAGE OF YOUR IDENTITY MONITORING SERVICES

You have been provided with access to the following services from Kroll:

### Single Bureau Credit Monitoring

You will receive alerts when there are changes to your credit data—for instance, when a new line of credit is applied for in your name. If you do not recognize the activity, you’ll have the option to call a Kroll fraud specialist, who will be able to help you determine if it is an indicator of identity theft.

### Fraud Consultation

You have unlimited access to consultation with a Kroll fraud specialist. Support includes showing you the most effective ways to protect your identity, explaining your rights and protections under the law, assistance with fraud alerts, and interpreting how personal information is accessed and used, including investigating suspicious activity that could be tied to an identity theft event.

### Identity Theft Restoration

If you become a victim of identity theft, an experienced Kroll licensed investigator will work on your behalf to resolve related issues. You will have access to a dedicated investigator who understands your issues and can do most of the work for you. Your investigator will be able to dig deep to uncover the scope of the identity theft, and then work to resolve it.

Kroll’s activation website is only compatible with the current version or one version earlier of Chrome, Firefox, Safari and Edge. To receive credit services, you must be over the age of 18 and have established credit in the U.S., have a Social Security number in your name, and have a U.S. residential address associated with your credit file.
